Statement of Faith:

**We believe in the truth of our national motto —
IN GOD WE TRUST**

Believing that a person's greatest duty is loyalty to his Folk, the purposes of the **Democratic Nationalist Party** are as follows:

1. To promote the cause of Democratic Nationalism in our Folkland, the United States of North America.
2. To increase the sense of social, economic, political, and racial responsibility in all Whitefolk who are members of our Folk Community.
3. To advance the spirit of friendship and good fellowship in our Folk Community.
4. To safeguard our Whitefolk from all alien enemies within our Folkland, through orderly and legal participation in local, State, and national politics.

The Party membership is open to all Whitefolk in our Folkland who have a sincere interest in the welfare of their Folk Community.

Communists and Internationalists are **not** admitted.

Program of the Democratic Nationalist Party

The Internal Objectives Are As Follows:

One Folk
One Party
One State } **One Nation**

1. The preservation of our Whitefolk republic, the Government of the United States of North America.
2. Only Whitefolk in the Nation may be citizens of the Nation.
3. As a result of the advocacy of the mongrelization of our Whitefolk, no Communist may be a citizen of the Nation; and, because of disloyalty to our Nation, no Internationalist may be a citizen of the Nation.
4. All intermarriage between citizens of the Nation and aliens in the Nation is considered illegal; and, all aliens in the Nation must be segregated and eventually deported.

5. Only citizens of the Nation may be candidates for public offices, and be employed in the national and local governmental departments and agencies.
6. The right of voting on the Nation's government and the Nation's legislation is a privilege of the citizens of the Nation alone.
7. All citizens of the Nation are equal before the law.
8. Only citizens of the Nation may be engaged in jurisprudence, and be eligible for jury service and court duty.
9. Only citizens of the Nation may bear arms and be members of the armed forces of the Nation.
10. All persons engaged in press, radio, film, and all educational and entertainment activities must be citizens of the Nation.
11. The workers, the farmers, and the businessmen who are citizens of the Nation are entitled to equality of duties and of privileges—they must subordinate their individual and group interests to the greater interests of their Whitefolk as a whole.

12. In those areas of activity where private enterprise is incapable of responsible functioning, the State must assume trusteeship for the citizens of the Nation.
13. In order to have a national government of, by, and for the citizens of the Nation, Congress alone must exercise its Constitutional right to issue debt and interest free currency.
14. The creation of long-range soil and mineral conservation programs to be effected by a national system of public works.
15. The unending improvement of the health and the living conditions of the citizens of the Nation.
16. The complete reorganization of our system of education with the goal of self-expression and self-realization for each individual citizen of the Nation.
17. The elimination of all ideology, in literature and politics, which tends to cause the degeneration of our Folk Community and the disintegration of our Nation.
18. A strong national defense to meet any eventuality.

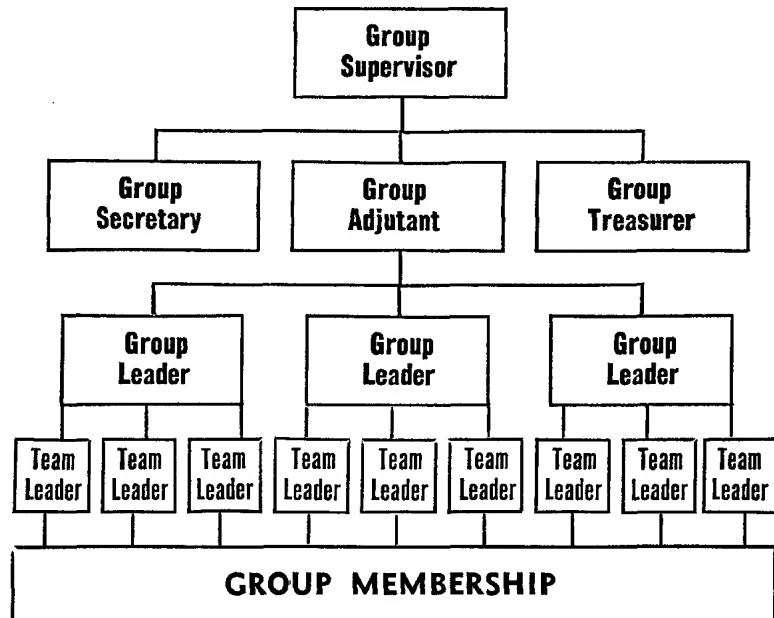

The External Objectives Are As Follows:

Life Is Struggle
Struggle Is War
War Is Life

19. The inclusion of Canada in our United States of North America.
20. The formal incorporation of Greenland, Iceland, and the North Polar Regions into our United States of North America.
21. The promotion of a financial and economic understanding with Mexico, Central America, and South America.

This program of the **Democratic Nationalist Party** will **not** be basically revised or changed through pressures applied by either special interest or opposition terror groups.

**Group Organization of the
Democratic Nationalist Party**

Group Organization Procedure of the Democratic Nationalist Party

The Supervisor, the Secretary, and the Treasurer of the Group are elected by popular nomination and the popular vote. The elected Supervisor appoints his Adjutant and his three Group Leaders. These Group Leaders then each appoint their three Team Leaders. These Team Leaders then form their Teams from the Group membership.

The elected Supervisor is given complete confidence, by the majority of the Group in true democratic procedure, and he is therefore given the complete responsibility for the efficient functioning and proper conduct of the entire Group. Consequently, the elected Supervisor has the right of appointing his Adjutant and his Group Leaders to aid him in fulfilling his duties as Supervisor of the Group. The Group Leaders appoint their Team Leaders to complete this delegation of responsibility. Periodic elections are held so that the Supervisor is held strictly accountable for his actions before the Group membership.

Basis for Organization of the Democratic Nationalist Party

Through popular election, the complete use is made of the democratic privilege of freedom of choice of freely nominated candidates. Therefore, the Party leadership is based on popular confidence, which in turn creates responsibility for this Party leadership. The Party is created by our Folk in a democratic way and organized in a nationalist way. This gives us the right to call ourselves the **Democratic Nationalist Party**.

The recognition of responsibility is **not** the instrument of despotism nor a method of imposing tyranny by the few upon the many, but a very necessary and natural basis for the functioning of not only our Party but all modern society as well. The Party is a voluntary association and as such no coercion of any kind is a part of the official Party policy. However, if a Party member does not fully understand the Party program and fully participate in the actions of his particular Group, he will be asked to resign by his immediate leader.

Insignia of the Democratic Nationalist Party

In our Party program we have restated the fundamentals of our Whitefolk Western Civilization, as originally stated and implied in our Constitution by the founders of our Nation. Because we believe that the culture of the Old South of the Confederacy best expresses our historic Folk ideals, we have appropriated the basic design and colors of the Flag of the Confederacy.

As indicated on the front cover of this booklet, the blue diagonals represent Whitefolk Tradition, the red thunderbolt represents Democratic Nationalism, the red field the Folk Community, and the white the purity of the relationship between Democratic Nationalism and the Folk Community. It may be said that Democratic Nationalism thrusts itself into the very heart of the consciousness of our Folk Community, sanctified by our Whitefolk Tradition, and the white indicates the harmony which results from this union.

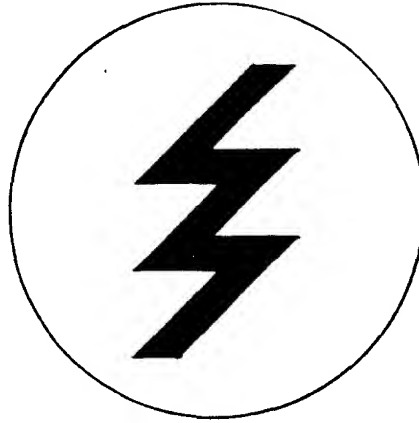

**The Democratic Nationalist Party
is founded on the knowledge
that he who is loyal to his
Folk will in turn receive
loyalty from his Folk**

ORGANIZATION

Organization in the constructive sense depends upon discipline. Without discipline no progress is made, and no leadership becomes effective. In order to have an efficient business-like mobilization of our political strength, we have chosen a military-type organization for the structure of our Party. The success of our organization will depend upon organic flexibility and the proper and well-defined lateral and vertical relationships. Also, a uniformly operating leadership makes it impossible for saboteurs, parliamentary manipulators, or scene-shifting politicians to hide themselves behind committees presenting resolutions of so-called majorities. This will prevent the growth of opposition groups within the Party organization. Abuse or misuse of the Party organization for the execution of personal ideas and personal goals will be uncompromisingly crushed.

The creation of authority and obedience are not the instruments of despotism nor a means of imposing tyranny by the few upon the many, but very necessary and natural bases for the functioning of not only our Party but all modern society as well. The Democratic Nationalist Party of the United States of North America is a voluntary association and as such no coercion of any kind is a part of the Party policy.

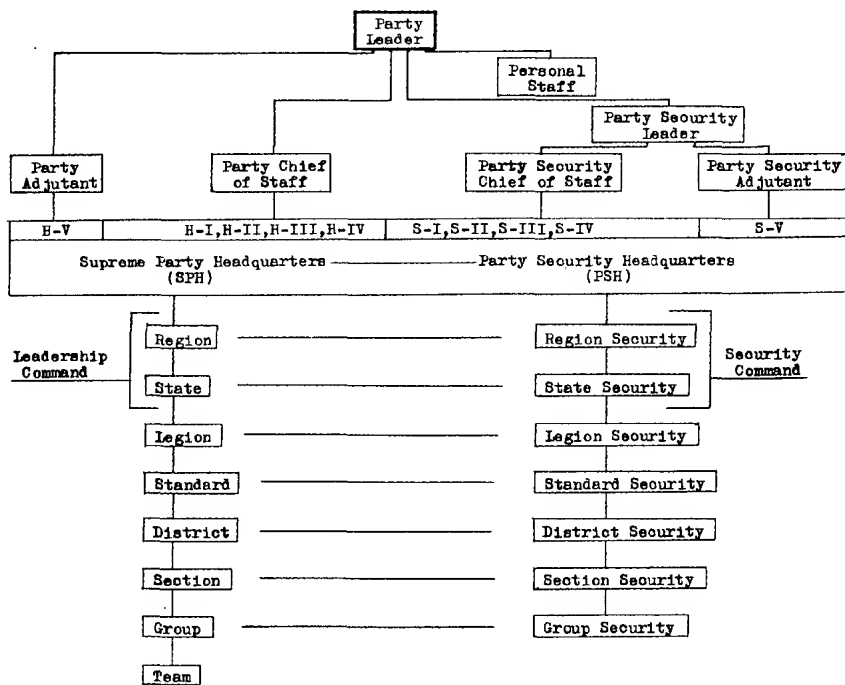

It must be emphasized that the military organization of the Party does not mean the attempt to create a private army to seize violently the present government of the United States of America. The military organization of the Party is designed to serve as the most efficient way to political success. The only weapons of the Party are ideas and not violence and force in any form. The end result of our Party organization is to actively participate in local, State, and national politics in an orderly lawful manner--we believe in the power of the ballot only. We will be victorious when we have the free voting confidence of our Whitefolk, and not before.

The runes are a distinct ancient North European alphabet. They are believed to have originated by the Goths on the shores of the Black Sea, in the first half of the Third Century. This runic script was transmitted to North Central Europe, England, Ireland, Scotland, and the Scandinavian lands. These runes were inscribed on monuments, ornaments, ships, pottery, and weapons, and were in common use throughout this area for centuries.

It is known historically that an early expedition from Northern Europe penetrated Canada and south into Minnesota. This expedition left a rune stone near Kensington, Minnesota, dated 1362. It is considered authentic, and many other inscriptions, graves, and weapons have been found on our North American Continent to corroborate this historic venture of our ancestors.

In order to make us constantly aware of our proud history, we have appropriated these runes for use as organizational symbols of our various Party units. The following explains this idea:

X. General Information and Procedures for Membership in the Democratic Nationalist Party

When an individual applicant desires to join the Party he will present himself at the nearest Party office in person. Communists, Internationalists, and aliens in the Nation are not admitted.

When a newly formed unit desires to become a part of the Party organization the unit leader will file a petition, in person, for admittance at the nearest Party office.

No membership applications or membership transactions will be accepted through correspondence or through the mails.

The Party and Security leadership reserves the right to admit or refuse to admit any individual or any unit without giving a stated reason for so doing.

Because of criminal terror methods used by oppositional elements, no Whitewomen are permitted within the regular Party and Security organizations--they may serve as auxiliaries to assist the regular units when needed.

The Party and Security leadership will not be responsible for the unauthorized acts of irresponsible individuals--the false theory of criminal guilt and conspiracy through non-criminal association will not be recognized in any way.

The period of probation for all Party members is one year, for Party leaders two years, and for all Party command leaders and Party headquarters personnel the period of probation is five years.

The period of probation for all Security members is three years, for Security leaders five years, and for all Security command leaders and Security headquarters personnel the period of probation is seven years.

The Party and Security uniforms will be worn only when authorized by the Party and Security leaders--all insignia will be issued by the Party and Security organizations only.

Preliminary : Military march records played on a phonograph or tape recorder.

To begin the meeting, the unit adjutant will blow a whistle and call out, "Attention."

The unit staff and unit membership will be seated, while the adjutant remains standing. The staff will sit at the front facing the membership. Uniforms are worn, but no sidearms are permitted. Smoking, drinking, and loud unnecessary noises are not permitted during the course of the meeting--breaks may be taken when needed. It is the duty of the adjutant to enforce these rules.

The adjutant will read the membership roster in alphabetical order, last names first, and will check the absentees. Each member will answer "Here", upon hearing his name. At the reading of the last name, the unit leader will stand.

The adjutant will render a salute to the leader and will report to him as follows;

"All present and accounted for, or number men absent."

The leader will return the salute and the adjutant will take his seat near the leader.

The leader will conduct the meeting as follows:

The leader will call upon the unit treasurer as follows; "Unit Treasurer name will give his report." The treasurer will stand near his chair and give his report to the membership. When he is finished, he will take his seat.

The leader will call upon the unit secretary as follows; "Unit Secretary name will give his report." The secretary will stand near his chair and give his report to the membership. When he is finished, he will take his seat.

The leader will systematically and briefly review the major problems before the unit in the order of their individual importance.

The leader, after his review of the general situation, will call upon the individual sub-leader as follows; "Unit Leader name will state his information on this problem." The sub-leader will stand, give his views and state his conclusions. When he is finished, he will take his seat.

The leader will ask for any comments or suggestions on the particular point in question, and he will recognize any member of the unit who desires recognition from the floor.

The member who desires recognition will raise his hand, and when recognized by the leader he will stand and identify himself with his rank and full name. He will then state his views on the particular question.

It is the duty of the adjutant to assist the leader whenever necessary.

The final decisions on all problems will be made by the leader.

The leader will ask for any and all information or comments related to the activities and welfare of the unit.

The leader will give a lecture on a vital subject and/or he will play a recorded speech on a phonograph or tape recorder.

The leader will call, "Unit Adjutant name." The adjutant will stand and salute the leader. The leader will return the salute and say, "Unit Adjutant name, take charge." The leader will then take his seat.

The adjutant will make all announcements.

The adjutant will end the meeting by stating to the membership, "Meeting adjourned."

It is not believed that there is any evidence value to be found on fingerprints on the enclosed communication, because it has been handled by numerous people at the Minneapolis Star and at the Mayor's office.

In view of the implied threat to Mayor HUMPHREY, the United States Attorney should be called upon and consulted as to the extortion angle.

It is suggested that a case be opened on this matter.

[redacted] of the St. Paul Council on Human Relations has complained that a group known as the Democratic Nationalist Party, whose activities center around the campus of the University of Minnesota and whose identities of members are unknown, has been active in defacing signs put up by the American Veterans Committee on the Campus of the University of Minnesota.

She said that the group was also responsible for defacing the political signs put up by [redacted] during his candidacy for representative from St. Paul in the recent elections. Inasmuch as this is a fascist organization modeled somewhat along the lines of the Klu Klux Klan, it appears that investigation into this organization's activities would be warranted.

Recently this office has received complaints from several sources at the University of Minnesota, Minneapolis, Minnesota, that an organization known as the Minneapolis Branch of the Democratic Nationalist Party had been engaged in disseminating anti-Negro and anti-Semitic propaganda at the University, and that the group has concentrated its activities principally against the American Veterans Committee at the University.

On several occasions recently notices and posters put up by the American Veterans Committee have been defaced by having the words "dirty Jew" written across them. The political posters of [redacted] a member of the Communist Party in St. Paul who recently was a candidate for election to the Minnesota State Legislature, were likewise defaced by the group.

Letters have been addressed to the editor of the Minneapolis Star Journal which are of an anti-Semitic nature and the letters have been in turn brought to the attention of this office. Apparently efforts on the part of the officials of the University of Minnesota to identify the members of this group have been unsuccessful to date.

The Bureau is requested to advise if any information is available on this organization which would be of assistance to this office as we intend to initiate an investigation to determine the background and the identity of the membership of this group.

Letter to the Editor

★ THE DAILY HAS RECEIVED an unsigned letter purporting to be from a group calling itself the Democratic Nationalists of the United States of America. It claimed to explain a clause in its 21-point platform of "internal objectives," copies of which have been posted on one or two bulletin boards on campus.

The letter was packed to the gunwales with anti-alien material and was written in Letter to the Editor form.

The Daily has a strict rule that it will publish no letters which do not bear signature and classification of the writer or writers. In the case of the Democratic Nationalists, The Daily will not permit itself to be a medium of propaganda promoting racial and religious hatred and extolling the virtues of "European-Caucasian" race superiority."

Intermingled with the Goebbels-like billingsgate, the letter claimed student backing for the DNP at the University.

The truth of this is a matter of conjecture, for it is probable that no student would own up to sympathizing with the DNP program.

But there have been instances recently of

"anti" outcroppings. In addition to the DNP program which has been posted on bulletin boards, a piece of doggerel from Elizabeth Dilling headquarters in Chicago also has been posted on the bulletin boards, and anti-Semitic scrawlings have defaced the Union walls.

It is of significance that none of the anti-alien organizations, even the DNP with its claim of student backing, has the recognition or assent of the University's dean of students office. No student group is authorized to put forth the ideas of these groups.

The United States constitution confers the right of free speech upon all, and perhaps unfortunately, this is extended to the Democratic Nationalist party and to Elizabeth Dilling, who once already was indicted on a charge of sedition.

These persons and groups have a right to their views and a right to promulgate them. But the cloak of anonymity which enshrouds their members, especially any who may be close at hand, lends an implication of cowardice to their activities.

'U' to Punish Race Hatred Instigators

President J. L. Morrill of the University of Minnesota today indicated severe punishment is in store for any student found implicated in posting of inflammatory, anti-religious signs on the campus.

His statement was prompted by a series of incidents in which anti-Semitic posters have been tacked to outdoor bulletin boards and trees at night.

Earlier, several bulletins of reorganized student groups posted at Coffman memorial union were defaced, and in at least one instance the outside of the union has been defaced.

Most of the posters placed on outdoor bulletin boards have been torn down by students discovering them in the morning. Faculty members found two such placards on campus trees Tuesday night.

One such poster declared: "When they start talking of racial equality, pull the safety catch on your gun. Hail to Minneapolis, capital of anti-Semitism."

(Carey McWilliams, author of several books on prejudice problems in the United States, described Minneapolis in a recent magazine article as the center of anti-Semitism in the nation.

(In a convocation address to University of Minnesota students last week, McWilliams made no mention of campus incidents but called upon students and faculty members to join in stamping out all anti-racial, anti-religious prejudice.)

The statement issued by President Morrill follows:

"The University of Minnesota is dedicated to the principle that men are ennobled by human understanding. There is no place on its campus for attacks upon any group or individual because of race or religion.

"I speak for the entire university community, faculty and students alike, when I deplore the actions of misguided, cowardly individuals who surreptitiously place on campus bulletin boards or trees, posters that are an affront to minority groups, or in any other way attempt to spread on the campus, or off it, doctrines of hatred and intolerance.

"The university does not countenance such behavior, and perpetrators of such acts will be summarily dealt with if they are detected. We have the right to expect, on our campus, conduct and attitudes that are consistent with the high and generous purposes of the university."

The "summary" action was explained as meaning the most severe punishment the university can administer to students who may be involved. Each case would be judged on its own merits, it was added.

MORRILL BLASTS ANTI-SEMITISM

Warns Against Stirring Hatred on 'U' Campus

A warning to those who have posted anti-Semitic placards on the University of Minnesota campus this week was sounded Wednesday night by Dr. J. L. Morrill, university president.

At least two such posters were reported to university officials this week. All apparently were quickly torn down.

There is no place on the campus, Dr. Morrill said, "for attacks on any group or individual because of race or religion."

He deplored "the actions of misguided, cowardly individuals who surreptitiously place on campus bulletin boards or tree posters that are an affront to minority groups, or in any other way attempt to spread on the campus, or off it, doctrines of hatred and intolerance."

"The university does not countenance such behavior, and perpetrators of such acts will be summarily dealt with if they are detected."

Anti-Semitism Flares At U; Inquiry Opens

A wave of anti-Semitism was reported Wednesday at the University of Minnesota with scores of posters attacking Jews placed on campus bulletin boards in the past month.

Dr. J. L. Morrill, president of the university, immediately condemned such posters, saying, "There is no place on the campus for attacks upon any group or individuals because of race or religion".

The posters evidently have been placed on outdoor bulletin boards in the night. Most of them have been torn down by irate students discovering them in the morning. A typical poster stated:

"All hail to Minneapolis—
Capitol of Anti-Semitism."

Dr. Morrill said: "I speak for the entire university community, faculty and students alike when I deplore the actions of misguided, cowardly individuals who surreptitiously place on campus bulletin boards or trees posters that are an affront to minority groups, or in any other way attempt to spread on the camps, or off it, doctrines of hatred and intolerance.

"The university does not countenance such behavior, and perpetrators of such acts will be summarily dealt with if they are detected. We have the right to expect on our campus conduct and attitudes consistent with the high and generous purpose of the university."

Carey McWilliams, author of several books on race prejudice problems in the country who spoke at a university convocation last Thursday, called Minneapolis a center of anti-Semitism in a recent magazine article.

Campus Opinion

● Letters to the Editor

Praises Morrill's 'Anti' Stand

To the Editor:

The persons who mark building fronts and rest rooms and place posters on campus are aiming their hatred at Protestants, Catholics and Jews alike. They are copying a foreign method in an attempt to destroy all religious beliefs.

By means of propaganda, Hitler got everyone to think alike, and then he began to swing the mass thinking at any element he wished to destroy.

The hate aimed at the Jews was but a buildup to close Protestant and Catholic churches and schools in Germany. Christ was called a "swine" by the Nazis, and Hitler was proclaimed a god and Hitlerism the religion of Germany.

Here on campus and in other places, a few persons who hate democracy and freedom, want to repeat the Hitler method to destroy all religions by starting the attack at the weakest and easiest element.

Those same persons wanted Hitler to win the war, and though he lost, they still want to carry on Hitler's foreign ideas in the United States. Those persons are atheists, and President Morrill deserves praise for denouncing them.

MINNEAPOLIS DEMOCRATIC NATIONALIST PARTY - USA
MAYOR HUBERT H. HUMPHREY, JR., VICTIM
EXTORTION

It has been brought to the attention of the St. Paul Field Office that on November 15, 1946 a communication was received by the editor of the Minneapolis Star Journal, Minneapolis, Minnesota, from the Democratic Nationalist Party of the United States of America, which communication was sent by mail and contained the following veiled threat against Mayor HUBERT H. HUMPHREY:

"The reason for our so-called 'subterranean existence', as the University press so naively puts it, is due to the fact that two of the fundamental parts of our Bill of Rights, namely Freedom of Speech and Freedom of Assembly, are abrogated by the local city administration, under the leadership of the infamous Jew and Negroe lover, Hubert Humphrey. Mr. Humphrey is a traitor to his people, and consequently the local group of the DNP has officially condemned him. At the proper time he will meet his just retribution. This is no idle threat, for we of the DNP have the resolute determination to obey the official pronouncements of our Supreme Party Headquarters."

In view of the veiled threat, the Honorable LINUS J. HAMMOND, Assistant United States Attorney, St. Paul, Minnesota, was contacted and advised that he would decline prosecution in view of the fact that there was no actual violation of the extortion statute in this communication. Therefore, the Extortion Case is being closed in this office; however, an Internal Security Case with the above organization as a subject is being opened in this office and investigation being conducted.

There is being forwarded herewith, the original communication which was received by the Minneapolis Star Journal.

Dear Ed:

I am attaching a copy of the transcript of the telephone conversation which took place about 4:30 yesterday afternoon in my office between myself and an unidentified man who had a shaky, quivering voice and sounded as though he was quite nervous. Unfortunately, my recording machine was not turned on at the beginning of the conversation and hence I was not able to record the first portion, but it was purely identification of me by the voice at the other end of the line.

I understand that Mayor Humphrey has received one or more letters from this organization, D.N.P., and I would appreciate it very much if there is anything you can do to identify the person who threatened me.

Dear Sir:

Special Agent ROY O. STUART of this office contacted the Honorable LINUS J. HAMMOND, Assistant United States Attorney, in regard to the above captioned organization which had forwarded a communication by mail to the editor of the Minneapolis Star and Journal, Minneapolis, Minnesota containing the following veiled threat against Mayor HUBERT H. HUMPHREY:

"The reason for our so-called 'subterranean existence', as the University press so naively puts it, is due to the fact that two of the fundamental parts of our Bill of Rights, namely Freedom of Speech and Freedom of Assembly, are abrogated by the local city administration, under the leadership of the infamous Jew and Negroe lover, Hubert Humphrey. Mr. HAMMOND advised that he would decline prosecution in view of the fact that there was no actual violation of the Extortion Statute in this communication, and further that the threat was only a veiled one and not an actual threat.

Very truly yours,

1. With the beginning of the year 1947, we of the Democratic Nationalist Party of the United States of America want to officially commend you on your services to the American People. On behalf of the entire Minnesota District of the DNP we wish to thank you for your glorious defense of everything that we call American.

**From: Leadership Command of the DNP through Group and District

Subject: Theory and Action of Democratic Nationalism.

"1. Several points of the program of the Democratic Nationalistic party of the United States of America will be clarified. In point two, the racial term 'European-Caucasian' refers to anyone who is not a Jew, negro, or an oriental, or a member of related races. The United States of America was founded of, by, and for the people of 'European-Caucasian' descent only. Never forget this principle is the foundation of the political philosophy of Democratic Nationalism. The term 'Citizens of the Nation' is a DNP legal term and follows from the concept of racial citizenship, resulting from the meaning term 'European-Caucasian'. In the future Democratic Nationalist State, anyone who is not a citizen of the National, will have no legal rights whatsoever. Point eighteen refers to the elements of Communist literature and decadent art from the national life of our people. The remaining points are self-explanatory and needless to say, the entire DNP program is immutable.

"2. By virtue of our inborn right as men of 'European-Caucasian' descent, members of the DNP, citizens of the nation, and the future leaders of the American nation, we demand:

a. That you work for the of the Communist party, the Socialist Worker's Party, the Socialist Party, the Socialist Labor Party, and any and all organizations that adhere to that evil philosophy, that brotherhood of races, as created by that Jew, Karl Marx.

b. That you investigate and destroy the American Veteran's Committee, the Jewish B'nai B'nith, the American Youth for Democracy, and all the foregoing numerous sub-divisions as Communist front organizations.

c. That you work for the elimination of Communist Ideology and works from the national life of the American people and that you devote yourself to the essence of Democratic Nationalism as crystallized in the DNP program.

(St. P 100-6470)

"3. If you do not follow the principals of Democratic Nationalism you will be condemned for ever as a traitor to the American people and the American nation. Therefore, we of the DNP, as the protectors of the American people, demand that you, in your temporary tenure of public office, carry out the foregoing views to the best of your ability, and that you assist us whenever called upon to do so. And when we of the DNP secure government leadership, we shall reward those who have fought for the interests of the American people and punish those who have opposed us. If you oppose us and serve as a tool of the Jewish Communist interest, we will promise you here and now that on the day of judgment, our day of victory, you will meet your just retribution.

"ATTENTION

"In order to destroy the Jewish Communist menace in our United States of America, we of the DNP hereby advise the following designed to eradicate this people-destroying force:

"1. That no true American have any social, political, economical, and educational relationships with the Jews.

"2. That the utmost efforts be directed against the existing financial demands of our country by the Jews.

"3. That all terroristic activities by the Jews and their tools, notably the negroes, be eliminated by the local, state, and national authorities.

"Communism has no place in our country. The Communistic idea of racial mixture, specifically with the negro, is designed to cause the degeneration of our people and its consequent result is intended to be the complete victory of international, Communistic Jewry.

DESTROY COMMUNISM

DESTROY COMMUNISM

(St. P 100-6479)

"ATTENTION

"Communism is incompatible with our American way of life because:

"1. It was originated by a Jew, Karl Marx, and spread by the Jewish race with the intent of creating a world domination of, by, and for the Jewish race.

"2. It is synonymous with internationalism, and has as its purpose the eventual elimination of racial barriers to the sought-for world Jewish state.

"3. It directly attacks our moral code, our family life, and seeks a complete break-down of all our ethical and moral traditions.

"4. It is totally alien to the individual initiative and dignity of the American worker and farmer.

"Anyone who is a member or supporter of any Communist organization is a traitor to his people and to his country, and should be treated as such.

"That DNP is dedicated to the complete annihilation to Jewish Communism in our United States.

'Kill Jews' Signs Appear at 'U'

BRUCE LINDAHL, JACQUELINE COPP

Examine anti-Semitic slogan lettered on Coffman Memorial union

Anti-Semitic signs, reading "Kill Jews" with the letters "DNP" scrawled below the words, re-appeared on the University of Minnesota campus Friday.

Officers of the university American Veterans committee said the black-crayoned letters stood for "Democratic Nationalist party." Similar signs were lettered on Coffman union two months ago and AVC signs were defaced, Bruce Lindahl, chapter president, said.

BOLTE THREATENED

A man who identified himself as a representative of the DNP called Charles G. Bolte, national AVC chairman, at Radisson hotel Thursday night with the threat that if he continued to "spread his Communistic doctrines" he would not leave Minnesota "alive," Bolte had revealed.

Mayor Hubert H. Humphrey, who attended the dinner at which Bolte spoke, said he had received half a dozen calls with a similar message.

The Rev. Reuben K. Youngdahl, chairman of the mayor's council on human relations, received a call Thursday afternoon telling him to resign as chairman of the council "or else."

MORRILL NAMED

Dr. J. L. Morrill, University of Minnesota president, said last night that his name had been mentioned in one of the DNP letters to the mayor's office.

The crayoned slogans at the university yesterday were on the east entrance to the union and the east garage entrance of the building.

The lightning emblem of Columbians, Inc., anti-Jewish and anti-Negro organization started recently in Georgia with the avowed purpose of overthrowing the government, was drawn beneath one of the slogans and on the bases of all eight columns in front of the union.

After the first slogans were discovered Dr. Morrill denounced the DNP as hate-mongers and promised immediate disciplinary action against the group if its members could be identified. They have not been identified.

SPOTTERS FAIL

The university has investigated with no success. The AVC chapter tried stationing "spotters" at the points where the slogans were written and the signs defaced, also with no success, Lindahl said.

Dr. Morrill said last night that he does not know whether the group responsible for the signs is connected with the university or whether "some crank from downtown" is to blame.

Mayor and Committee Get Warning

Charles G. Bolte, national chairman of American Veterans Committee, disregarded a telephoned warning to get out of town last night and completed a scheduled address at an AVC dinner in Radisson hotel in which he urged veterans to concern themselves with civic problems.

The caller telephoned Bolte at the hotel shortly before the dinner and identified himself as a member of the "Democratic Nationalist party," Bolte said.

"He warned me to get out of town and stay out, and accused both me and AVC of being Communist," Bolte said. "He said, 'We are with you every minute and we will get you.' Obviously some crank."

HUMPHREY THREATENED

Mayor Humphrey, a guest at the dinner, was with Bolte when the call came. Humphrey said later that he had received half a dozen calls to the same effect in recent weeks from the same person or persons who called Bolte, and the members of the mayor's committee on human relations also had been threatened.

Members of the AVC chapter at University of Minnesota said the "Democratic Nationalist party" was a group of students who also were responsible two months ago for scrawling anti-Semitic slogans and epithets on university bulletin boards.

Dr. J. L. Morrill, university president, at that time denounced the group as hate-mongers and promised immediate disciplinary action against the group if its members could be identified.

"These people, whoever they are, are in essence the same as the Columbians in Georgia, the Ku Klux Klan and in the last analysis the Nazis and Fascists we fought overseas," Bolte told the dinner meeting.

COMMUNISM DENOUNCED

The AVC in a national policy statement has denounced Communism and made it grounds for expulsion of any member against whom such charges can be proved.

"There is little we can do to counteract such slander except to prove, by our program and our conduct over a period of time, that we are not Communist and that we are thoroughly democratic in all our ideas.

"To do so, veterans who belong to AVC should concern themselves with community betterment and espouse and work vigorously on local problems such as veterans housing, programs of enlightened liberalism, co-operation with such groups as Mayor Humphrey's human relations committee."

Point eighteen refers to the absolute elimination of Communist literature and decadent art from the National Life of the American People. The remaining points are self-explanatory, and needless to say, the entire DNP program is immutable.

2. By virtue of our inborn right as men of European-Caucasian descent, members of the DNP, citizens of the nation, and the future leaders of the American Nation, we demand that you discharge all Jews, Negroes, and Communists from the Armed Forces, immediately.

The existence of Jews; Negroes, and Communists in the Armed Forces is incompatible with point seven of the DNP program, and a gross violation of point two of the DNP program. Therefore, we of the DNP, as the protectors of the American People, demand that you, in your official position as Chief of Staff, begin the foregoing suggestion at once. We are in deadly earnest. If you refuse this demand, we of the DNP will create an Army ourselves that will be a true representative of the American People, and a true instrument of the American Nation in the coming struggle against Communistic, Jew-dominated Russia. This may be taken as a warning to all those who cater to the interests of the Jewish-Communists of New York City, and who have found favor with the past New Deal administration. We also will state that another New Deal, known to us as the Jew Deal, will be impossible, so that from your own personal standpoint, you will never again have the opportunity of working for an American traitor such as that lover of Jews, Negroes, and Communists, the late Roosevelt. Remember well what we have said, and do not forget us.

District Leader George Ritter

Group Leader Kermit Hansen

Anti-Semitic Signs, Threats By Phone Call Sifted At U

University of Minnesota officials today were without clues to the identity of persons responsible for scrawling anti-Semitic threats on campus buildings.

The signs, lettered in black crayon, said "Kill Jews" and above a symbol of lightning and the letters DNP beneath.

Members of the university American Veterans committee said the letters stand for "Democratic National party."

Meanwhile, Dr. J. L. Morrill, university president; Minneapolis Mayor Hubert Humphrey;

Rev. Reuben K. Youngdahl, chairman of the mayor's council on human relations, and Charles G. Bolte, national chairman of the American Veterans committee, revealed they had received anonymous telephone calls threatening them if they continued to work for racial understanding.

Bolte, in Minneapolis, to speak at an AVC dinner, said a man who identified himself only as a DNP member, called by telephone to threaten him for "spreading communistic doctrines."

U Skeptical on Theory Of Campus DNP Group

By Jim Mithun

University officials yesterday disagreed on the probability of a small group of students on campus composing the Democratic Nationalist party, fascistic organization engaged in spreading doctrines of hatred and intolerance on campus.

DNP members are thought to be responsible for sending various threatening letters to prominent campus and Minneapolis citizens and posting anti-Negro and anti-Jewish signs about the campus.

Thus far, members have hidden their activities by using unsigned letters and working through a secret organization. Various attempts by anti-intolerance associations to bring DNP activities out into the open have not succeeded.

DNP members, who brazenly mailed copies of their "constitution" which closely resembles the principles of Hitler's Nazi party and the Columbians, Inc., former Georgia "anti" group, have failed to answer challenges by organizations such as AYD, the campus AVC and The Daily to come out into the open.

Lee Marsh, national director of the Intercollegiate American Youth for Democracy who spoke last night in the Union, said, "The AYD is an interracial-interfaith organization.

"We naturally abhor racism, anti-Semitism, red-baiting and violence that seem to be the main planks in the Democratic Nationalist party.

"In spite of the crackpot tactics of this seemingly small and unidentified group, we consider them dangerous because so many of these principles actually exist in our democracy."

DNP materials first appeared on campus last fall when posters, supposedly placed by members, were discovered.

Two signs, found by a professor, read:

"When they start talking of racial equality, pull the safety catch on your gun," and "Hail to Minneapolis, capital of anti-Semitism."

Unsigned letters and copies of party platforms have been sent to President Morrill; Mayor Hubert H. Humphrey; the Rev. Ru-

believe, is probably a one-man party—are the resemblance of its 'program' to Nazi doctrines, and its cowardice.

"Its eighth-grade tactics don't appear to deserve much notice. But no society such as ours can stand back and let them run wild."

Another "Kill Jews" sign was discovered scrawled on the east Union garage entrance last weekend with the initials DNP and a lightning bolt emblem written in crayon.

The lightning emblem was used in World war II by Nazi SS elite guards and was adopted by Columbians, Inc.

Samuel Scheiner, president of the Minnesota Defense council, designed to combat organizations like DNP, said that according to information from other Defense council officers throughout the country, DNP appeared to be only a local group.

DNP activities have touched several campus organizations and faculty members.

President Morrill has received a letter from the group urging him to "rid the campus of all Catholics, Jews, Negroes, Communists and other inferior persons to uphold the purer race and save the United States for democracy."

Immediate action by the President was to issue the following statement:

"I speak for the entire University community, faculty and students alike, when I deplore the actions of misguided, cowardly individuals who surreptitiously placed on campus bulletin boards or trees, posters that are an affront to minority groups, or in any other way attempt to spread on campus, or off it, doctrines of hatred and intolerance."

Reference is made to the teletype from the St. Paul Field Division to Chicago dated January 27, 1947, in which it was requested that information be forwarded to the St. Paul Office regarding the "Gentile News", Post Office Box 288 Oak Park, Illinois.

The Anti Defamation League, B'Nai B'Rith, 100 North LaSalle Street, Chicago, was contacted for any recent information regarding this newspaper and it was ascertained that the newspaper is published by the Gentile Cooperative Association, Incorporated, at Oak Park, Illinois. The charter for this organization was granted on January 20, 1944, and at that time the three following names were listed as incorporators:

EUGENE R. FLITCRAFT, 807 Lyman Avenue, Oak Park, Illinois

b6
b7C

[redacted] the New Era Publishing Company, 314 Madison Street, Maywood, Illinois, and is the individual who prints the "Gentile News." According to the Anti Defamation League, the above-mentioned [redacted] became involved in some argument with FLITCRAFT and as a result of the argument advised the Anti Defamation League that the first edition of the newspaper which was printed in February 1944 amounted to 12,500 copies. The March issue of 1944, which was the next issue, amounted to 20,000 copies, and according to the ADL the number of papers printed today is slightly in excess of this figure. The original financial backer of the Gentile Cooperative Association, Incorporated, was an individual named [redacted] of the American Beauty Products Company in Chicago. It is to be noted that this company was later taken over by its [redacted] who claims that he does not subscribe to any of the anti-Semitic feelings of [redacted]

b6
b7C

The Anti Defamation League also indicated that they had received information that the First National Bank of LaSalle, Illinois was at one time a heavy contributor to this organization.

According to the same source of information, on July 21, 1944 the individual membership of the organization was not more than three hundred, and it is believed that the membership does not greatly surpass this figure today. One technique used by the organization to avoid having any publicity come to the

LOS

Chicago File 100-14609

leaders of the "Gentile News" is the sale of block memberships. According to the ADL, an individual will be solicited for a \$50 donation, and for his \$50 will receive fifty copies of the newspaper, and in turn will distribute these to his friends thus keeping the names of the friends confidential. Another sales idea was to solicit \$2, \$3, and \$5 memberships which would insure the receipt of the newspaper and in 1944 there were not over 1,000 such memberships.

EUGENE FLITCRAFT organized, approximately two years ago, an American Business Gentile Directory which purported to list gentile firms in the United States, and a cheap appearing book was finally printed which originally was to sell for \$12 per copy. This directory failed; however, when it was ascertained that the names contained therein were printed without the knowledge of the business firms themselves.

Recently FLITCRAFT has organized the Emme Effe Company which is a blind for the Gentile Cooperative Association, Incorporated, and which accepts contributions from anybody. Contributions are divided after being received by this company as follows: One quarter of the contribution goes to the "Gentile News"; one quarter goes to the Gentile Cooperative Association, Incorporated; and one half of such contribution is retained by the Emme Effe Company.

ADL has advised that the Gentile Cooperative Association bank account is maintained in the above-mentioned LaSalle National Bank, LaSalle, Illinois, and that the American Gentile Business Directory, which is still being carried as a corporation, and the "Gentile News" are carried in banks in Oak Park, Illinois.

It is the opinion of the ADL that the original backer and instigator of the whole proposition was [redacted] mentioned above. According to the ADL, the newspaper is published once a month, but does not come out on any particular date except that it appears usually toward the end of the month and that it is mailed from Post Office Box 288, Oak Park, Illinois. The ADL also advised that recently they have received information concerning the Democratic Nationalist Party which has been reported to them as being extremely active on the University of Minnesota campus, and as a result of receiving this information they are very anxious to learn the identity of Minneapolis and St. Paul subscribers to the news. b6 b7C

It is to be noted that the Chicago Field Division has had a case on the Gentile Cooperative Association since 1944 and that the Bureau does not desire any active investigation regarding this organization, but merely desires to be informed of any activity regarding it. In view of this fact, no attempt is being made by the Chicago office to secure a list of St. Paul and Minneapolis subscribers as requested in referenced teletype.

On January 24, 1947 the Bureau also furnished the St. Paul Field Division with a photostatic copy of a similar communication which was addressed to "General Eisenhower, Chief of Staff of the Army" from "Leadership Command of the DNP". This letter was also dated "30.12.46". The letter to General EISENHOWER contained a demand that he discharge all Jews, Negroes and Communists from the Armed forces immediately and further, ".....we of the DNP, as the protectors of the American People, demand that you, in your official position as Chief of Staff, begin the foregoing suggestion at once. We are in deadly earnest. If you refuse this demand, we of the DNP will create an Army ourselves that will be a true representative of the American People, and a true instrument of the American Nation in the coming struggle against Communistic, Jew-dominated Russia." This communication was signed "District Leader George Ritter" and counter-signed "Group Leader Kornit Hansen" and carried the same seal impression as mentioned on the above communication.

[redacted] advised that [redacted] had received several communications of a threatening nature from the Democratic Nationalist Party. Upon investigation of this [redacted] and the writer were informed by an anonymous telephone call that one [redacted] who is a student at the University of Minnesota, had been making anti-Semitic statements around the University of a nature similar to those contained in the communications sent to [redacted] of the University. [redacted] fingerprint card was forwarded to the Bureau on February 5, 1947 for comparison with latent fingerprints developed from a threatening communication sent to Mayor HERBERT H. HUMPHREY.

In addition to this, [redacted] who is presently a law student at the University of Minnesota, also was reported as having made statements similar to those maintained in the communications sent out by the subject organization. [redacted] had ASN [redacted] had the rank of [redacted] in the Army, having enlisted in the U. S. It was pointed out that signs of anti-Semitic nature were posted on trees in front of apartment houses a block from [redacted] residence. The Bureau was requested on February 5, 1947 to compare [redacted] fingerprints with those lifted from the anonymous communication previously furnished to the Bureau.

St. P. 100-6470

[redacted] advised that he talked with [redacted] who is [redacted] at the University of Minnesota and has had a great deal of experience in criminal work, and [redacted] was of the opinion that the DHP consisted of only one or two persons, that the writer of the anonymous communications was undoubtedly a man attending law or journalism at the University and that this same person probably had served in the European Theater and had probably had close relations with the British inasmuch as he dated his communications with the British system. [redacted] also advised he had talked with [redacted] who is [redacted] at the University of Minnesota and who had been threatened by the DHP and advised that posters of a threatening nature had been placed on his classroom door at the University of Minnesota.

Detective Inspector, EUGENE BERNATH, Minneapolis Police Department, advised that [redacted] who is active in the Jewish Anti-Defamation League in Minneapolis, had furnished him with a copy of a letter which he had taken from a January 1947 issue of a magazine called "Gentile News". This letter was headed, "The Anti-Semitic capital of the U.S., Minneapolis, Minnesota, January 1, 1947." In this letter information was contained to the effect that the writer was a young veteran of World War II and a member of a local Nationalist organization and that he would like as much information on activities of a similar nature as those included in the "Gentile News", as it would be possible for the "Gentile News" to furnish him. In addition the letter contained the following:

b6
b7C

"We have begun an offensive that will awaken the Nationalist spirit in all sections of Minnesota, and that will eventually destroy the Communistic virus in all its disguises."

The writer of the letter also asked that his name not be printed inasmuch as "Anonymity for tactical considerations is of the utmost importance here in Minneapolis, since we have many traitors and renegades among us."

It is noted that the word texture and context in the "Gentile News" is very similar to that included in communications sent out by subject organization. As a result of this, on January 27, 1947, the Chicago office was requested to ascertain background information concerning "Gentile News", Post Office Box 288, Oak Park, Illinois. On January 30, 1947 the Chicago office advised that the Anti Defamation League, B'Nai B'Rith, 100 North LaSalle Street, Chicago, advised that the "Gentile News" was published by the Gentile Cooperative Association, Incorporated, at Oak Park, Illinois.

The individual membership of the organization in July 1944 was probably only about 300 according to the Anti Defamation League. On December 31, 1946 an anonymous communication sent to Mayor HUBERT H. HUMPHREY was forwarded to the Bureau for fingerprint examination and in an endeavor to identify the typewriter used in preparing this communication. On January 24, 1947 the Bureau advised that it was concluded from the examination that the typewriting appearing on the letter sent to Mayor HUBERT H. HUMPHREY of Minneapolis by the DNP was prepared on a machine equipped with Remington pica style type and further, that the typewriting appearing on this communication was compared with appropriate sections of the anonymous letter file without effecting an identification; however, an examination by the Single Fingerprint Section sixteen latent fingerprints and one latent partial palm print of value were developed from the communication. These were all compared with the fingerprints of Mayor HUBERT H. HUMPHREY, who was the only one who touched the communication, but none of them compared with his prints.

The names which are affixed to the communications sent out by the DNP are GEORGE BITTER, KENNETH HANSEN and LOUIS PASSER. A check of the records of the University of Minnesota and of the Minneapolis and St. Paul city directories reflected no names listed, which individuals could be identical to those signed on the communications. Inspector [redacted] of the Minneapolis Police Department, advised that after investigation of the names in this matter, he was convinced that these names were entirely fictitious.

Efforts are presently being made in an endeavor to locate the printing shop which printed the stationery heading for the DNP. In an effort to identify the shop which printed this, the following individuals were contacted but could offer no assistance:

 is presently making a survey of all the printing plants in Minneapolis in an endeavor to locate the shop which printed the heading on the paper used by the subject organization with the thought in mind that they may have an accurate description and other information concerning the individual who ordered this work done. It was ascertained that the stamp used at the end of the communication sent out by the DWP was prepared at the Crown Stamp Company, Minneapolis, however, on this particular date they had an inexperienced helper who took the order without taking any money and two days later when the purchaser picked up the stamp, he merely paid in cash and no record was made of the sale.

Dear Sir:
I am a subscriber to your very informative paper, the Gentile News. I want to commend you on your courageous stand for everything that we call America. I sincerely hope that the new year will bring you a greater circulation and a larger paper.

Since I am a young veteran of World War II and a member of a local Nationalist organization, I would like some information on the activities of other Nationalist Youth groups, such as the Nationalist Youth League headed by Kenneth Goff. I was very much interested in your announcement concerning the West Coast Nationalist Convention held in Los Angeles, early in December of 1946. If possible, I would like as much information on this sort of activity as possible, because we of the local Nationalist group are taking and will continue to take a very positive stand on Jewish Communism here in Minneapolis. We have begun an offensive that will awaken the Nationalist spirit in all sections of Minnesota, and that will eventually destroy the Communist virus in all its disguises.

I would suggest a greater emphasis on Nationalist Youth in our land, because we are the future executioners of Jewish Communism. I believe that when the day of victory arrives we will be quite capable of doing our Historic Task: the absolute annihilation of Communism from the United States of America.

Please do not print my name if you use this in your paper. Anonymity for tactical considerations is of the utmost importance here in Minneapolis, since we have many traitors and renegades among us. I believe, however, that this situation is very temporary. Again I say, keep up the good work.

(Editor's Reply: Thanks for your nice letter. The best way to keep posted on Nationalist affairs is through your continued reading of Gentile News. Trust many of your cohorts from Minneapolis will want to become subscribers to Gentile News. We already have quite a few up there.)

Trial Bares Backing Here for Columbians

The Columbians, Inc., anti-Negro, anti-Jewish group founded in Georgia, had the sympathies of an organization in Minneapolis, evidence disclosed on the eve of the trial of the Columbians' secretary in Atlanta, Ga., revealed Monday.

The Minneapolis organization is known as the "Democratic Nationalist" party, James H. Sheldon, administrative chairman of the Anti-Nazi league, assisting in the prosecution, told the Minneapolis Tribune.

Considerable correspondence had been carried on between the group and Homer L. Loomis, Jr., the Columbians' secretary, Sheldon said. Letters sent from Minneapolis are in Sheldon's possession.

SEARCH IS FRUITLESS

The letters, Sheldon said, expressed sympathy with the aim of the Columbians and said the aim of the Democratic Nationalist party was to "make Minneapolis the anti-semitic capitol of the United States."

Efforts made by Sheldon to locate two men who signed the letters have been fruitless. No address except Minneapolis, 7, was carried on the letterheads.

"Our two organizations should work hand in hand," one letter said. "We can have true unity only through elimination of Jews, Negroes and communists," another said.

Stamped on the letters was a concentric seal, similar to that used by the Hitler Youth organization, Sheldon said.

THREATENED MAYOR

The Democratic Nationalist party has been under investigation by the federal bureau of investigation following veiled threats on the safety of Mayor Hubert H. Humphrey and President J. L. Morrill of the University of Minnesota. Several weeks ago anti-semitic placards bearing DNP in large letters were posted in Minneapolis.

Sheldon exhibited the correspondence in the office of Solicitor General E. E. Andrews. It was found in a locked drawer in Loomis' office.

The group had been in contact with other organizations in Tennessee, Florida, Texas and California. It had attempted to gain a foothold in Milwaukee, Wis.

Loomis and Emory Burke, president of the Columbians, are charged with usurpation of police powers, riot and illegal possession of dynamite.

Re: 6DEMOCRATIC/NATIONALIST PARTY - USA

INTERNAL SECURITY - X

Dear Sir:

A news item appearing in the "Minneapolis Morning Tribune" on this date reflects that in the trial of "The Columbians, Inc." considerable correspondence had been carried on between "The Columbians" and the "Democratic Nationalist Party." This correspondence was carried on between HOMER L. LOOMIS, JR., the Columbian Secretary, and the Minneapolis - St. Paul Club of the "Democratic Nationalist Party."

For the information of the Atlanta Field Division, the Bureau is interested in expeditiously ascertaining background information, as well as the identity, of members and officers of the "Democratic Nationalist Party." This group has placed many threatening posters around the University of Minnesota Campus and also in various sections in Minneapolis. It has also written letters of a threatening nature to Mayor HUBERT H. HUMPHREY of Minneapolis, [redacted] of the University of Minnesota, General EISENHOWER, Chief of Staff of the United States Army, and to several other people of importance.

b6
b7C

Accordingly, the Atlanta Office is requested to ascertain full information concerning the correspondence carried on between "The Columbians" and the "Democratic Nationalist Party" in an effort to establish information concerning the "DNP."

Very truly yours,

Interracial Speaker Raps DNP

—Palestine—

★ ★ ★ ★ ★ ★ ★ ★

—DNP—

"This is definitely fascist activity and we won't tolerate it in Minneapolis," Hennepin county Sheriff Ed Ryan stated yesterday afternoon, announcing that he would "take action immediately" in conjunction with Glenn McLean, Minneapolis chief of police, on the campus activity of the Democratic Nationalist party.

Ryan talked in his office to members of an interracial rally committee led by Forrest Wiggins, instructor in philosophy. Wiggins will conduct a panel discussion from 2 to 3:30 p.m. Friday in the Union main ballroom when Ryan also is slated to speak.

"I'm going to take this matter up with the police chief and see what we can do," Ryan stated. "We've got to stop this thing, it's definitely fascist."

The members of the committee took with them anti-semitic propaganda leaflets which had been scattered over the campus Monday and told Ryan of the latest outbreak at the University and of the activities of the Democratic Nationalist party which plagued administration officials last fall.

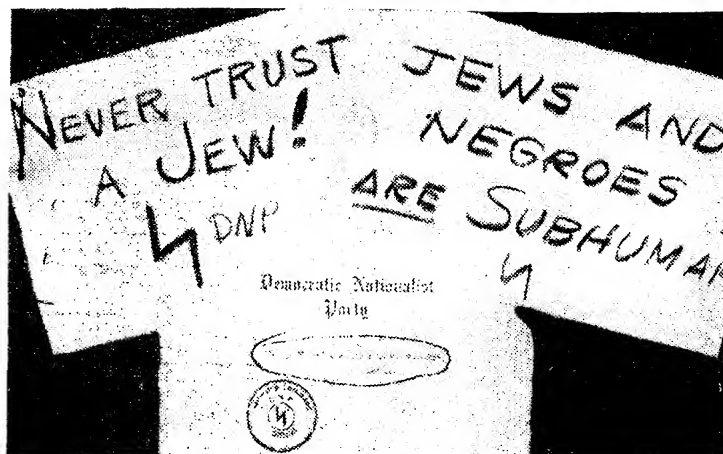

"It seems odd that the students don't see this activity going on," Ryan said. "They should be able to catch those people."

Thus, Brotherhood week swung into a full-scale attack on all signs of prejudice.

One of the activities of Brotherhood week is the interracial rally sponsored by the committee that interviewed Ryan. Representatives from seven campus organizations, AYD, AVC, LSA, YWCA, DFL, Young Republicans and the University Council on Human Relations make up the committee.

Ryan and two others will air the various sides of the committee's aim, "to give better understanding to the racial picture as it exists today," Betty Gyler, chairman of the committee, said.

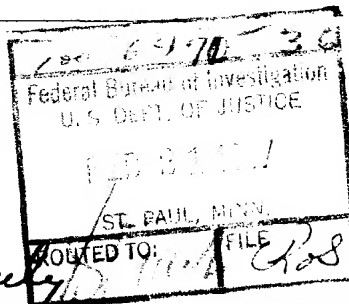

Ryan will talk on "Civic Government and Discrimination;" Charles J. Turk, professor at Macalester college, on "Foundations of Discrimination;" John Jacobsen, legislative representative of the CIO, on "Labor and Discrimination."

HENNEPIN COUNTY sheriff Ed Ryan and Forrest Wiggins, instructor in philosophy, look over The Daily photograph, pictured above, of DNP race discrimination posters found on campus this week. The phrase encircled is a quotation taken from Tacitus reading, "The Jews are a people born for slavery."

University police tore down scores of anti-Jewish, anti-Negro posters signed DNP, Democratic Nationalist party, yesterday morning.

The signs, supposedly posted by unidentified members of DNP, fascistic group engaged in intolerance-mongering on campus and in Minneapolis, were plastered over the entire campus.

In addition to more than 50 collected by police as evidence, scores of the posters were destroyed by students and faculty who found them on bulletin boards and on building steps.

Posters enscribed with the letters DNP and a lightning emblem also were found yesterday near Lake Calhoun at Twenty-ninth and Hennepin avenue.

Most posters were directed against Jews, Negroes and "Communists."

The University's department of protection and investigation has been trying to discover the identity of DNP members for several months, but their activities thus far have been concealed carefully.

DNP was linked last week with Columbians, Incorporated, hate group in Georgia.

Letters from DNP in Minneapolis were found in the possession of Homer Loomis Jr., secretary of the Columbians.

The letters expressed desire of the local DNP organization to "make Minneapolis the anti-Semitic capitol of the United States."

Stamped on DNP letters and posters was a seal, "Leadership command, official, DNP," picturing the lightning emblem used by DNP, the Columbians and for a time by Hitler's SS troops.

The flood of posters covered the campus on the first day of "Brotherhood week" and were a continuation of work by the group for the past five months.

Unsigned letters and copies of party platforms have been sent to President Morrill; Mayor Hubert H. Humphrey; the Rev. Reuben K. Youngdahl, chairman of the Mayor's Council on Human Relations; Charles Sweningsen, editor of The Daily; Gideon Seymour, executive editor of the Minneapolis Star and Tribune

Mayor Humphrey told reporters yesterday that DNP, who had threatened his life, represented the underground variety of race prejudice in Minneapolis.

University detectives could not say whether the persons involved were students, or were connected with the University.

DNP has operated continually as a secret organization. Various attempts by organizations such as AYD, campus AVC, and The Daily to bring DNP activities into the open have not succeeded.

C. B. Hanscom, chief of the University's department of protection and investigation, refused to comment on University attempts to combat the organization.

Scores Of Posters Reviling Negroes, Communists, Jews Found In Mill City

Scores of small posters condemning Communists, Negroes and Jews were found on trees, fences and bulletin boards on the University of Minnesota campus and around several Minneapolis high schools today.

The posters were similar to those found on the campus last fall which C. B. Hanscom, chief of the university's department of protection and investigation, has been investigating.

Ten inches long and 8 inches high, the posters bore crudely lettered vitriolic inscriptions and were emblazoned with the lightning emblem of the discredited Columbians and the initials of the Democratic Nationalist party.

Coming as it did on the second day of Brotherhood Week on the campus, the flood of posters, apparently put up during the night, brought immediate action from Minneapolis police and university authorities, who promised expulsion and

prosecution for any students involved.

At the same time it was revealed that unsigned letters from the Minneapolis DNP were found in possession of Homer Loomis Jr., convicted leader of the Columbians.

These promised: "We will make Minneapolis the anti-Semitic capital of the United States."

Similar unsigned letters have been received by University President J. L. Morrill, Mayor Humphrey of Minneapolis and Charles Sweningsen, editor of the Minnesota Daily, student publication at the university.

All were asked to cooperate in ridding the university campus and the city of Communists, Negroes and Jews.

And What to Do When They're Caught?

To the Editor:

All right, suppose we capture the leader of the DNP and uncover another insidious plot to invoke Fascism in America. And suppose the secret membership list reveals the names of some respected Twin Cities luminaries. The leader and his cohorts are to be taught inciting to murder and preaching racial supremacy does not pay.

They are to be expurgated from the ranks of decent men and women and properly chastised. Or so, the violent, grievous hue and din raised prior to their apprehension would have us believe. "Just wait until we lay our hands on these hate mongers; just wait'll we catch and expose this underground band of mercenaries."

Well now suppose that we've got them, just what do we do about it? If we're to consider the Columbians, Inc., which these native Fascists boast they are affiliates of, why help them publicize and glorify their group!

We'll have front page spreads with captions blurbing, "Here you see the handsome, boyish-looking, six-foot, collegiate leader of the dangerous underground group calling themselves the DNP." He'll be shown with his sexy-looking girl friend, toothily espousing his gallantry and intrepid spirit.

Other close-ups will have him nattily attired in a snappy, pressed uniform with the lightning flash gleaming from his padded shoulder epaulet. He will be quoted at great and exact length. He will shout his murderous taunts and will be martyriized.

He will be given a "good press" and invaluable free publicity. He will thunder at the courts; at the loopholes in the law for men of his ilk. (In fact, there are no laws for his kind as yet).

After a long, expensive, ineffectual trial he either will be released or finally given 60 days for spitting or smoking in the courtroom or some such "vicious crime."

We then will pat ourselves on the back and say "boy, we sure showed them we mean business, didn't we?" Yes, we sure do "show" these murder inciters, don't we? Well, I for one think it time we proceeded to exercise this heinous vermin befouling our campus, our city and our country. We should enact laws with teeth in them, and then enforce them to the fullest.

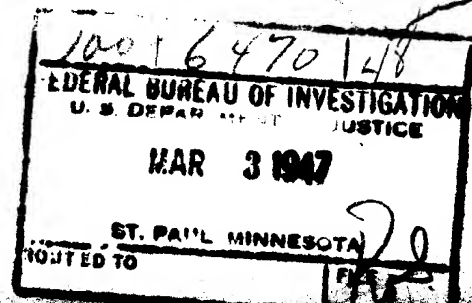

Capital punishment should be automatic retribution for these spewers of hate, intolerance and murder. Surely we don't need additional evidence as to the grisly effectiveness of these groups, if they are not eradicated before they become bloated with the blood of their innocent victims. Surely, we musn't have a reiteration of the Hitler extermination orgies before we become cognizant of the menace of these groups.

Capital punishment for those who foment murderous doctrines would be a service to all humanity. It would save countless lives. It well might be the only effective check to a third world war.

Let's rid ourselves of our false sense of security and our false sentimental concepts and ruthlessly apply the ax to those few murderers in our midst while there is still time.

"The anti-Semitic capital of the U.S."
Minneapolis, Minnesota
January 1, 1947

"Dear Sir:

'I am a subscriber to your very informative paper, the Gentile News. I want to commend you on your courageous stand for everything that we call America. I sincerely hope that the new year will bring you a greater circulation and a larger paper.

'Since I am a young veteran of World War II and a member of a local Nationalist organization, I would like some information on the activities of other Nationalist Youth groups, such as the Nationalist Youth League headed by Kenneth Goff. I was very much interested in your announcement concerning the West Coast Nationalist Convention held in Los Angeles, early in December of 1946. If possible, I would like as much information on this sort of activity as possible, because we of the local Nationalist group are taking and will continue to take a very positive stand on Jewish Communism here in Minneapolis. We have begun an offensive that will awaken the Nationalist spirit in all sections of Minnesota and that will eventually destroy the Communistic virus in all its disguises.

'I would suggest a greater emphasis on Nationalist Youth in our land, because we are the future executioners of Jewish Communism. I believe that when the day of victory arrives we will be quite capable of doing our Historic Task: the absolute annihilation of Communism from the United States of America.

'Please do not print my name if you use this in your paper. Anonymity for tactical considerations is of the utmost importance here in Minneapolis, since we have many traitors and renegades among us. I believe, however, that this situation is very temporary. Again I say, keep up the good work."

The Chicago Field Division was requested to ascertain the subscribers in the St. Paul and Minneapolis area to the Gentile News and on February 25, 1947 advised that a confidential source of the Chicago Field Division had made available a partial list of the subscribers to same in the Minneapolis and St. Paul areas. [redacted] was listed in the St. Paul Field Office indices as being a subscriber to the Galilean Magazine.

On March 10, 1947 it was ascertained from [redacted] Postal Inspector in Charge, Minneapolis Post Office that the "Gentile News" is usually mailed in a bundle between the fifteenth and seventeenth of the month at the main post office at Oak Park, Illinois. From there the bundle is sent to the Chicago Post Office Terminal and is separated into individually wrapped packages. This information was furnished the Chicago Field Division by teletype on March 10, and they were requested to ascertain a complete list of the subscribers in Minneapolis and St. Paul through the post master at Oak Park, Illinois.

A news item in the Minneapolis Morning Tribune on February 11, 1947 reflected that the trial of the Columbians Incorporated at Atlanta, Georgia had revealed that the Minneapolis organization, the DEMOCRATIC NATIONALIST PARTY had been in correspondence with the Columbians Incorporated. The only identification given was that the DNP was in Zone 7.

On the same date the Atlanta Field Office was requested by Airmail Special Delivery letter to ascertain complete information concerning the correspondence carried on between the Columbians and the DNP in an effort to identify members of the DNP.

On February 18, 1947 the Bureau advised that they had compared the fingerprints of [redacted] suspect in this case and [redacted] ASN [redacted] who was also a suspect with the latent fingerprints previously developed in this case. The prints were compared and no identifications were effected.

On February 17, 1947 [redacted]

[redacted] advised that he had picked up several 5 x 8 cards which had been posted on trees in the vicinity of his church. These cards were signed "DNP" and contained anti-semitic and anti-negro statements. [redacted] advised that these cards were posted around his church, inasmuch as he had previously given a sermon on racial tolerance. b6 b7C

[redacted] advised that several hundred placards of a similar nature had been placed around the University of Minnesota on the night of February 16, 1947. It is noted that this was the beginning of the National Brotherhood Week and the campus had scheduled several activities concerning this. These cards carried such statements as "Never trust a Jew!" "Jews and Negroes are sub-human!"; "The Jews are a people born for slavery!" and were all signed "DNP". b6 b7C

[redacted] continuously paroling the University of Minnesota property each night but as yet he has been unable to locate anyone placing posters on the campus.

On March 6, 1947 the Bureau advised that they made an examination of the letterhead printing, "Democratic Nationalist Party" appearing on a letter addressed to the Director on December 30, 1946. This revealed that this letterhead printing was prepared by the letter press method probably with metallic type. The style of type appearing in this letterhead printing is "Wedding Text" in a 36 point size.

[redacted] advised that there are several hundred printers in the Twin City area who use the letterhead method and it would not be feasible to check all in the Twin City area to determine what printer printed the letterhead on the red stationary. b6 b7C

Sheriff [redacted] NA, Hennepin County, Minnesota, advised Special Agent MARTIN J. LUKOSKIE and Special Agent G. PARNELL THORNTON on February 21, 1947 that a group of University of Minnesota students had been in to see him on February 18, 1947 in regard to the DNP at the University of Minnesota. The following persons were in that group:

St. P. 100-6470

It is noted that this was a delegation from the AYD at the University of Minnesota.

[redacted] of the Minneapolis Tribune, forwarded copies of three posters signed by the DNP which had been found by [redacted] These were placed around his neighbors house. They contain statements such as; "Unity without Jews!" and "Negroes are not Americans!", as well as, "Jews and Negroes are sub-human!". These were all signed "DNP"

There is nothing "mystic" about the Runic character  uses on his DNP stamp. I have known that thing since 1931 or 1932, when I was living in Berlin. It was called, then the "Sieg Rune" - Rune of Victory - and was the symbol of the "Deutsche Jungvolk", the organization of the 10-14 year old boys within the "Hitler Jugend (Youth)". Doubled up (44) it was the symbol of the SS (Black Guards) of the Nazi Party. In fact, German newspapers somewhat later were forbidden to use the letters SS when referring to that organization - they had to print these special types 44.

I sure thought I had seen the last of that stuff long ago - but now I am beginning to fear that I - we - shall see more of it.

Yours for America,

Confessed Hate Leader Refuses To Have Mental Examination

Maynard O. Nelsen, 23, admitted Minneapolis leader of the Democratic Nationalist party who was arrested yesterday for placarding areas with anti-Jewish and anti-Negro signs, refused today to have a mental examination.

Nelsen, former University of Minnesota student, told detectives in the city jail that he refused to become "a psychiatric guinea pig for anyone."

Nelsen told Detective Inspector Eugene Bernath that "whenever someone attacks the Jews or Communists, there always is an effort to prove that he is crazy."

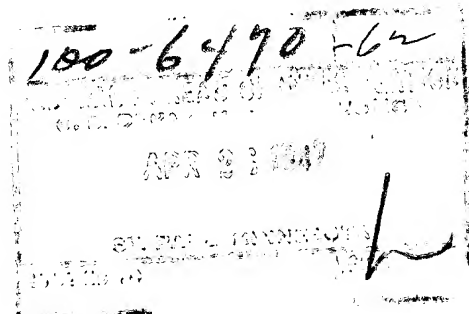

He said he was sorry his actions had embarrassed his family, "but there are times where certain principles take precedent over one's own family."

Nelsen was brought into municipal court yesterday afternoon and ordered to post a \$10,000 bond against breach of the peace, or go to the workhouse for six months.

Later, Nelsen's mother and friends of the family talked with Nelsen and city officials and tentative arrangements were made to have Nelson take a voluntary physical and mental examination at University of Minnesota hospitals.

Judge Rolf Fosseen had stayed action pending the mental examination, but he said today Nelsen would have to post the bond, go to the hospital Saturday or be committed to the workhouse.

Hate Exponent To Start 6-Month Term Today

Maynard Orlando Nelsen, former University of Minnesota student who spread race hatred doctrines, is expected to be committed today to six months in the Minneapolis workhouse.

He will appear in Minneapolis Municipal court at 9 a. m. for commitment under a sentence imposed Thursday afternoon by Judge Rolf Fosseen. Nelsen pleaded guilty to charges of threatened breach of the peace growing out of a letter he addressed to a University of Minnesota professor.

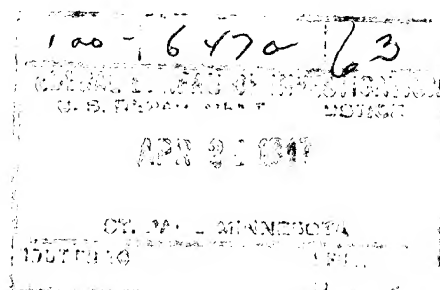

Joseph A. Hadley, assistant city attorney in charge of the case, said Nelsen has steadfastly refused to submit to a sanity test.

It is believed he will undergo medical scrutiny after going to the workhouse.

The stiff Municipal court sentence was imposed on Nelsen under a "peace bond." It

provided the youth either furnish a \$10,000 bond, which would be forfeited if he "breached the peace" within six months, or serve six months in the workhouse. Nelsen was unable to make the bond.

HATE CHIEF'S BOND WAITED

**Must Post Fund Today
or Begin Sentence**

Maynard O. Nelsen, 23, troop leader of the anti-minority Democratic Nationalist party here, must post a \$10,000 peace bond by today or start serving a six-months sentence in the workhouse.

The sentence was set Thursday by Municipal Judge Rolf Fosseen, but stayed until today so the court could receive results of a physical and mental examination of Nelsen.

Friday, however, Nelsen refused to submit to the examinations, saying he would not become "a psychiatric guinea pig for anyone."

There is no way to compel a person to submit to the examinations, Detective Inspector Eugene Bernath said.

Nelsen's sentence was set after he pleaded guilty to a charge of threatened breach of the peace. He has signed a statement admitting writing anti-Semitic and anti-Negro signs on University of Minnesota buildings and sending threatening letters to Minneapolis community leaders.

Hate Leader Offers To Try Mental Test

Maynard Orlando Nelsen, 23-year-old University of Minnesota hate group leader, lost his arrogant attitude today and offered to "throw himself on the mercy of the court."

Nelsen, who has admitted being a leader in the Democratic Nationalist party and responsible for religious and racial intolerance placards placed on the university campus, already is under municipal court sentence to post a \$10,000 peace bond by today, submit to a mental examination or start serving a six-month workhouse term.

Today, however, the youth called Eugene Bernath, Minneapolis detective inspector, to his cell and offered to submit to the psychiatric examination rather than serve the jail term.

Judge Rolf Fosseen stayed Nelsen's commitment until Tuesday when a psychiatric report is expected to be ready. Nelsen was to be admitted to University hospital as soon as he signs a waiver for the mental examination.

Nelsen Victim Of ~~inferiority~~, Bird Says

"Nelsen's antipathy toward minority groups is overcompensation for some feeling of inferiority developed during his childhood," Professor Charles Bird of the psychology department said last night.

"It is impossible, of course, to tell whether the man is insane by merely looking at his picture, or reading about him in the newspapers, but Nelsen's actions certainly show deep underlying frustrations," he said.

Throwing the blame on his army and University training is wrong, he added.

"Somewhere in Nelsen's background a feeling of insecurity developed, and now he is using Jews and Negroes as scapegoats," Bird said.

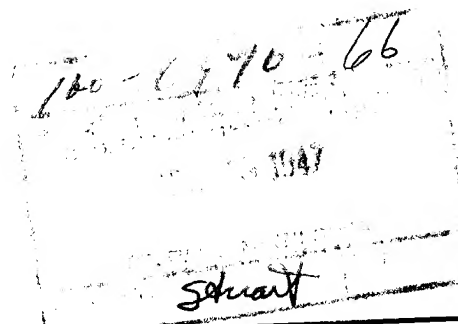

Even his excellent grades at Roosevelt high school may have been a method of compensation, the psychologist said.

Considering that the millions of men in the army and thousands of students in the University have not reacted as this individual did, it cannot possibly be the result of his later training, he said.

Knowledge of Nelsen's childhood and early life would enable a psychiatrist to discover the frustrations and how they began.

It is common procedure to blame University environment or army life for abnormal actions, but in almost all cases the fault can be found in the person's early training, Bird said.

Banners, Map Of 'Hate' Advocates Discovered In River Road Cache

Evidence that "hate" activities of the Democratic Nationalist party have been spread in the Twin Cities by the organization's followers was uncovered here Saturday afternoon.

Three high school students found a "World Conquest" map and other DNP materials folded under a dozen stones piled neatly in a wooded area at the foot of Randolph and Mississippi river blvd.

Beside the map, the items included two big banners with the Z insignia of the DNP. The stones were also painted white with black Z's.

All correspond to materials confiscated from the room of Maynard Orlando Nelsen, 23-year-old former University of Minnesota student, who was arrested as one of the DNP leaders Thursday in Minneapolis. He was sentenced to six months for threatening the peace and is awaiting a sanity hearing.

Saturday afternoon's discovery was made by Margaret Stickney, 15, of 2033 Palace ave.; Betty Andree, 15, of 33 S. Avon st., and Terry Nolan, 16, of 2050 Palace ave.

Condition of the items and their location indicated that they had been placed there only a few hours before.

Authorities investigating the case hinted Thursday that the organization, which advocates fascistic control of the world with violence against Jews and minority races, may have a number of followers in the Twin Cities.

Like the literature and banners found in Nelsen's room, those discovered here Saturday bore various inscriptions.

The map of the world had a big Z in the middle of the United States. Along the bottom were the words:

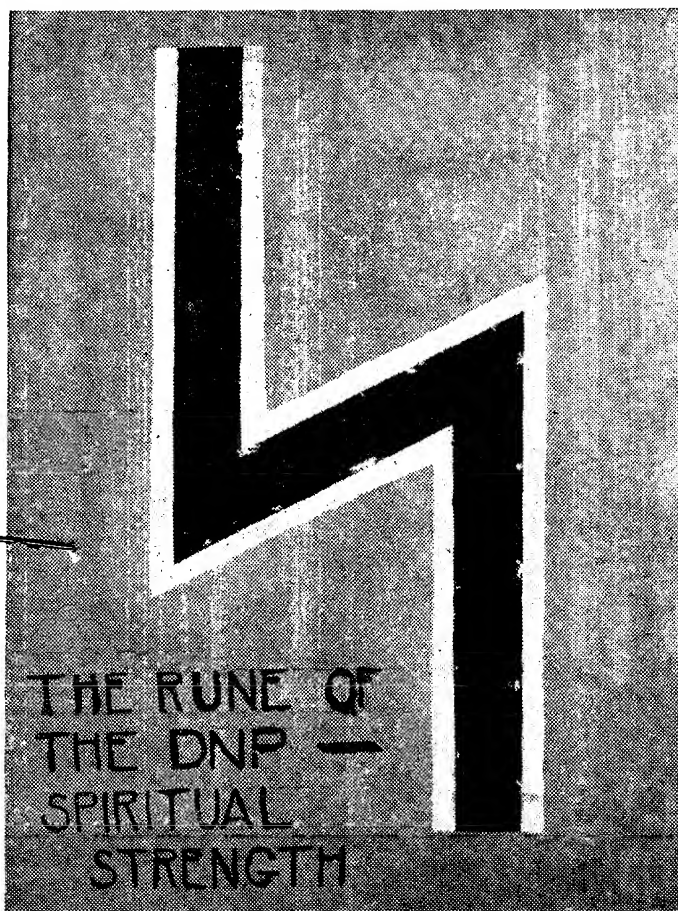

"Democratic Nationalism is the Future!"

'Hate' Leader Identifies Items Discovered Here

Possibility that the Democratic Nationalist party has been organized in cells throughout the Twin Cities was seen Sunday night with the finding of a second batch of the organization's discarded literature.

Several dozen letter heads, hand-written posters and type-written notes encouraging anti-semitism and race hatred, were found littered over a section of wooded ground near Mississippi River blvd. and Highland pkwy.

Its location was only a few blocks from DNP materials found Saturday by three St. Paul high school students.

CLAIMS LITERATURE

A few hours after it was brought to the Pioneer Press office, Maynard Orlando Nelsen, 23-year-old self-admitted DNP leader in Minneapolis, was brought here and claimed them as his own.

He could not, however, account for their appearance in St. Paul, nor was he familiar with the location where they were found.

Nelsen made the claim in the Pioneer Press news room in the presence of Minneapolis Detective Inspector Eugene Bernath, who brought him here from the Mill City jail where he is awaiting a sanity test.

"These are all mine," Nelsen said, white-faced, as he examined the box full of "hate" literature.

"But I don't know how they got there."

Nelsen has repeatedly denied the existence of any so-called

organization or accomplices.

"There are no others. I was the whole party. It was all just a silly thing," he said.

Condition of the literature and the fact that it was thrown away in an area well-traversed by hikers indicates that both caches were put out in the woods recently.

Remaining possibilities are that Nelsen had some friends, who were sympathizers and after his arrest sought to dispose of the literature, or that the DNP organization is set up in cells throughout the Twin Cities with each member unaware of a fellow-traveler and each believing he is the leader of the movement.

Throughout the questioning in the Pioneer Press news room, Nelsen acted morose and listless—a direct contrast to the arrogant attitude he displayed when University of Minnesota and Minneapolis detectives arrested him in his home Thursday morning.

He was charged with breaking the peace by writing a threatening letter to a university professor.

Bernath said that he believes the youth is telling him the truth.

"He has changed considerably since Thursday," the inspector said.

"The boy simply is a case of inferiority complex. He said he developed his attitude after he got into the Army. He wanted to be an officer and is capable mentally, but was not physically. When he saw boys of minority groups, superior to him physically, become officers he

revolted," Bernath explained.

"He felt inadequate as he was and wanted to be a hero and see combat.

"And when he got out of the Army, he decided to release his pent-up steam against these people."

Bernath said that Nelsen wants to start all over again.

In accordance with a court ruling, Nelsen can submit to a sanity hearing or serve six months in the workhouse. If he is found insane, he will be committed to an institution.

'Hate' Leader Says St. Paul 'Book' Is His

Literature of the Democratic Nationalist party which was found in St. Paul belonged to a 23-year-old Minneapolis "troop leader" of the "hate" organization, but how it got to St. Paul remained a mystery Sunday night.

Maynard Orlando Nelsen, 4020 Forty-third avenue S., identified a box filled with literature, but denied he had distributed it in St. Paul and said he did not know how it got there.

Detective Inspector Eugene Bernath, who took Nelsen to St. Paul to look at a "world conquest" map and 100 pamphlets

criticizing Jews and Negroes, said Nelsen insisted he knew of no other members who could have distributed the material.

Nelsen identified the material from handwriting on it, Bernath said.

Nelsen, who is under a six-month workhouse sentence for threatened breach of peace in connection with his Minneapolis activities has become remorseful, Bernath said.

"He was in tears," Bernath said, "and appeared generally broken up by the trouble he has gotten into."

Extra Watch Put on Shaken Hate Leader

Minneapolis city jailers today kept special watch over Maynard Orlando Nelsen, 23, self-styled "troop leader" of the hate-mongering Democratic Nationalist party here.

Facing a six-month workhouse sentence in lieu of filing of a \$10,000 peace bond, Nelsen changed his mind again over the week-end and indicated after several earlier agreements and refusals that

he would undergo a mental examination today. The workhouse term, imposed Thursday by Municipal Judge Rolf Fosseen, has been stayed pending the sanity tests.

Police indicated Nelsen had "cracked" completely, and that his once arrogant manner had given way to tears.

Meanwhile, St. Paul police entered the DNP investigation over the week-end after a second batch of the organization's literature was found scattered near Mississippi river boulevard and Highland parkway.

* * *

Similar DNP material was found by three St. Paul high school pupils near the same location a few hours earlier.

The material included several dozen letterheads, hand-written posters and typewritten notes advocating anti-Semitism and other race hatred.

Whether the material was abandoned by accomplices of Nelsen was not known.

* * *

Taken to St. Paul for questioning, Nelsen identified the literature and other material as his own but professed he could not account for its appearance in that city.

Nelsen examined the box full of hate literature and admitted, "These are all mine."

At the University of Minnesota, where Nelson admitted posting hundreds of anti-minority posters in the last six months, C. B. Hanscom, chief of the department of protection and investigation, disclosed he had received a number of telephone calls, letters and postcards criticizing him for his work in exposing the DNP outfit.

Informant advised that the following is a copy of instant letter referred to above:

"
Headquarters Group One
Official

"Dear Editor:

"It has come to the attention of the members of the Democratic Nationalist Party of the United States of America that our program was misinterpreted by the Jewish-Communist dominated American Veterans Committee and the American Youth For Democracy, also another Communist front organization.

"For your information we would like to explain the term, European-Caucasian, as it is used in the Party program. To us and other true Americans it means anyone who is not a Jew, a Negro, or an Oriental. However, the term particularly applies to the Jews at the U. of Minnesota; and more specifically to the Jewish Communists.

"And by the way, it is true that we are definitely represented in the student body of the U. of Minnesota. Even though we are not taking an active part at the present time, the day will come when we shall all see purified and free from alien forces, our University and eventually the entire Nation.

"We of the D.N.P. of the U.S.A., as guardians of our democratic republic, have firmly resolved to exterminate Jewish Communism in our Fatherland. We regard ourselves as bearers of the Nationalist idea, and believe in our Nation above everything. To those traitors who preach Internationalism and the concept of the so-called United Nations, we have resolved to eliminate this black, ulcerous growth and those people who would have us prostitute our National Sovereignty to benefit the Jewish Internationalist Forces.

"And so, dear Editor, we would like to leave you with the thought that we of the D.N.P. are the torch-bearers of American Nationalism, and future leaders of our land."

Informant advised that the following was a copy of the program and objectives of the Democratic Nationalist Party:

"The Internal Objectives are as follows:

"1. The preservation of our democratic republic, the United States of America.

"2. Only those of European-Caucasian ancestry, whatever their creed or religion, may be citizens of the nation. Because of the advocacy of the communization of races, No Communist may be a citizen of the nation.

"3. Anyone who is not a citizen of the nation may live in the United States of America only as a guest. All non-citizens in the nation must eventually be deported.

"4. All citizens of the nation shall be equal before the law.

"5. Only citizens of the nation may be candidates for public offices, and be employed in the various national and local government departments and agencies.

"6. The right of voting on the nations government and legislation is to be a privilege of the citizens of the nation alone.

"7. Only citizens of the nation may bear arms, and be members of the Armed Forces.

"8. Only citizens of the nation may be engaged in jurisprudence.

"9. All people engaged in press, radio and entertainment fields must be citizens of the nation.

"10. We uphold the principle and right of private property of citizens of the nation.

"11. We believe in the right of collective bargaining between productive capital and free labor; the farmer, being an integral part of our national economy, is entitled to the privileges and duties of the aforementioned.

"12. We demand increased efficiency, economy, and coordination of all government, both national and local.

"13. We believe in liberty for all religious denominations in the nation, so far as they are not a danger to it.

"14. Because of the immense sacrifices of life and property demanded of a nation by every war, we are apposed to forms of war profiteering.

"15. We demand the promulgation of long range soil and mineral conservation programs.

Atlanta, 105-79

"16. The nation must see to raising the standard of health and living conditions of the citizen of the nation.

"17. The nation must consider a thorough re-organization of our system of education with the goal of improvement of all the citizens of the nation.

"18. We demand the elimination of all views in art and literature which tend to cause degeneration of our people, and the disintegration of our life as a nation.

"19. We demand the strong national defense against any eventuality.

"20. We advise the creation of a National Academy for Diplomats for the training of all our foreign office personnel.

"21. We demand the creation of a firm foreign policy designed to express the will of the citizens of the nation."

A review of the Columbiansfile in the Atlanta Office revealed that the Columbians headquarters are no longer in existence and that no active meetings are presently being held by instant organization.

Shortly thereafter I had the Crown Rubber Stamp Company, which is located in Minneapolis near the Court House, prepare a Runic character stamp with the words and letters 'Official DNP Leadership Command'. I bought and paid \$4.50 of the Democratic Nationalist Party's money for this stamp. At the same time, I had about 2000 sheets of paper printed with the heading Democratic Nationalist Party. I had it printed at a printing shop in the vicinity of Franklin and Nicollet Avenues, and I paid approximately \$5.00 for it out of my own money. After this I sent communications on this letterhead [redacted]

of the University of Minnesota; Mr. J. EDGAR HOOVER, Director of the Federal Bureau of Investigation; General BISHOP, Chief of Staff, U. S. Army; General MARSHALL; President TRUMAN; Mayor HUBERT HUMPHREY of Minneapolis; Senator BILBOE of Mississippi, and Representative RANKIN of Mississippi. I stamped each of these communications with the above-mentioned and described stamp. I personally signed these communications with fictitious names using the names GEORGE RITTER, KERMIT HANSEN, and other names. These names were entirely figments of my imagination. I sent these communications between the time I purchased the stamp and the letterhead and February, 1947.

"About the same time that I began mailing the above letters, I also printed up various posters with comments of the following nature: 'When anyone speaks of racial tolerance, remove the safety catch on your revolver;' 'You are nothing, your people are everything;' 'Dead niggers will make good fertilizer;' 'Jews and Negroes are sub-human;' 'When the Jews are gone things will be better;' 'Unity without Jews;' and other similar posters. All of these I signed

DNP with a drawing of the Runic character. I placed these posters around the campus of the University of Minnesota, tacking them by thumbtacks to the bulletin boards. I placed these around the University of Minnesota campus at various times during the latter part of 1946 and during the months of January, February, and March, 1947. These posters were placed around the campus at eye level on the bulletin boards and trees and on the steps of various University buildings. About January 1, 1947, I also printed on Coffman Memorial Union the words 'Kill Jews' and signed this DNP with the above-described Runic character. On December 4, 1948, I placed the following notice on the doorway going into the Continuation Study Center building at the University of Minnesota:

ATTENTION: [redacted]

Within this pamphlet lies the elements that will eventually destroy you, your race, and its philosophy, Communism.

We of the Democratic Nationalist Party, (DNP), will never rest until your evil influences, and your very lives, are rooted out of the United States of America.

When our day comes, you and your fellow-travelers will never again be able to contaminate our people with Communistic doctrines. We of the DNP have sworn to uphold the principles contained herein, and may your God help you when we are successful!

Group Leaders, DNP

"At the top of this I wrote in crayon 'Attention! [redacted]' and also in crayon made the above-described Runic character. I was shown this notice by [redacted] and recognized it as the one I had placed on the door leading to the Continuation Study Center Building.

DEVITT GETS DNP MAIL THREAT

Reprisals Vowed in 'Hate' Letter

By MINNEAPOLIS TRIBUNE
STAFF CORRESPONDENT

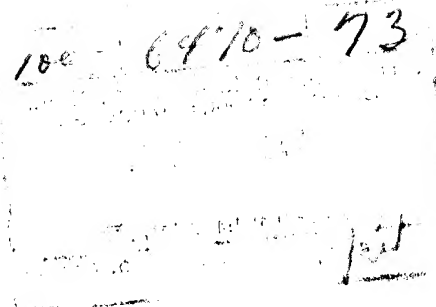

WASHINGTON — Rep. Edward J. Devitt, St. Paul, Republican congressman from Minnesota's fourth congressional district, may ask the FBI to investigate a threatening letter he received a month ago from the Democratic Nationalist party, he said Sunday.

The letter threatened reprisal if Devitt did not follow the orders and "hate" policy of the DNP group.

Devitt said at first he ignored the letter as just another "crank" communication, but gave it further consideration when he heard of the arrest in Minneapolis recently of Maynard Orlando Nelson, 23, University of Minnesota student who was picked up in connection with activities of the DNP group.

The letter to Devitt was mailed from the Twin Cities. The St. Paul congressman was undecided yesterday whether to turn it over to the FBI or house un-American activities committee, in view of the fascist charges against DNP.

Link Between Nelsen And Shots At Mayor Sought

Did Maynard Orlando Nelsen attempt to kill Mayor Humphrey of Minneapolis?

Detectives in that city were investigating this possibility Thursday night. Humphrey reported three shots were fired at him late one night in February as he was returning to his home.

The mayor was one of several persons to whom Nelsen has admitted sending threatening letters.

Mental Report On Hate Leader Goes to Judge

A lengthy report from psychologists on Maynard O. Nelson, 23, University of Minnesota "hate" leader, was being studied by Municipal Judge Rolf Fosseen today prior to Nelson's scheduled appearance in Fosseen's court where he has been formally charged with threatening to breach the peace.

Nelson, who lives at 4020 Forty-third Av. S., was arrested April 23 after he had been traced as the author of a threatening letter sent to Professor Herbert Feigl of the university. Nelson admitted posting various antiracial minority signs on and about the campus.

The psychologists' report was the result of an 11-day examination at ~~Cenac~~ hospital. Since then, Nelson has been held in the city jail.

On July 1, 1947, [redacted] of the Jewish Survey and B'nai B'rith community office in San Francisco, Room 706, 110 Market Street, advised Assistant Special Agent in Charge Harry G. Van Pelt that the above captioned individual had been arrested in Minneapolis by the FBI and is now a student at the University of California where he is engaged in Nazi activities. b6 b7C

Special Agent David C. Spencer called upon [redacted] who furnished the details in the presence of his two investigators [redacted] and [redacted]. It appears this matter was called to the attention of their office by a San Francisco tailor [redacted] whose firm name is [redacted]. [redacted] reported on June 2, 1947, an individual appeared at his store and wished to order uniforms which he described would be similar to those worn by the Nazis. At the time, however, he wanted only one jacket which he desired to be made exactly in the style of the Nazi handbook. This handbook he had in his possession and it was noted to be the *Organisationsbuch der Nationalen Deutschen Arbeiterpartei*. [redacted] noted that this book had stamped on the inside of the cover the following: [redacted]

[redacted] he had obtained this book from an Army friend. In ordering the jacket he stated he desired no epaulettes be placed on the shoulders. He also left several sketches probably made by himself of what he desired. He requested the jacket be made of gray cloth and it was noted it was similar to that worn by the *Sturmabteilung* of the Nazi party. He was told the price would be \$30 on deposit and the making would require some time. [redacted] in making a deposit produced a \$100 bill, and indicated he thought he might want six uniforms later of the same type for members of a club he was forming. He gave his residence address as [redacted]

He was in Palo Alto attempting to enter the law school at Stanford. He also told her that he is a [redacted] that his father is [redacted] and resides in [redacted]

[redacted] described him as a very quiet, well behaved young man, and not a drinker. He was sent to her by the Veterans Housing Program for students. He claimed to have done much work with radio and radar but she could not state in which branch of the service he served. The investigator checked further at the Registrar's Office in Stanford where it was determined he had been refused entry as a student. The reason was not given but it was indicated it was probably due to overcrowded conditions. His parents' names appeared on his application for registration as [redacted]

He attended the University of Minnesota from [redacted] Prior to that he was in the [redacted] program. He served in the Armed Forces from [redacted] his birth place was given as [redacted]

This man was listed as [redacted] and it was indicated the FBI was interested in the case.

He stated he was trying to get into the school band and believed he would be able to enter summer school.

[redacted] advised that recently he had received the bulletin of the Anti-Defamation League of B'nai B'rith, for June, 1947, which included an article with the caption "Minneapolis Student Seized". This article indicated after police were mystified for months by his Nazi like posters and placards which appeared regularly on the University of Minnesota Campus, a 23 year old Minneapolis student [redacted] had been arrested and placed under \$1,000 bond under breach of peace charge. The article continued that [redacted] signed a three page statement admitting he is the "troop leader" of the so-called Democratic Nationalist Party in Minneapolis. In his house they had uncovered a small arsenal, plus many copies of Anti-Semitic literature which indicated the following up of the Nazi philosophy. Among his effects were two revolvers, a black-jack, books on the making of revolutions and a polar map headed "Our World War III". The article further stated that the student had admitted sending fictitiously signed letters to President Truman, General Eisenhower, J. Edgar Hoover, Mayor

Dear Sir:

It has been some time now since I was a guest at the city jail. My peace bond terminates on Oct. 24, 1947. I believe that the city police and the university police have some property belonging to me. I am particularly interested in my two automatics; one a 9mm. Luger and the other a 6.35mm. (.25 cal.) automatic. I hope that these two guns have not rusted, or been damaged in any way. I have been led to believe that you have possession of one or both of these guns.

I would like to have these guns turned over to my Father and Mother when my peace bond terminates on Oct. 24. Also, any other property belonging to me should be given to my parents, because I will be unable to be in the Twin Cities on that date. Of course, I really would like to be there and have my picture taken again. I have missed being on the front page very much, believe me.

You see, I regard Minneapolis as my permanent home. However, when I settle there permanently in the future, certain undesirable aliens now living in the city will have been removed. I shall be in the Twin Cities next summer, and I actually hope that you will again arrest me for threatening the life of some Jewish Communist; that does me a great honor, even if I have never actually done such a thing. I could not stand to personally touch such filth, and I have never threatened any of the enemy personally. And I shall not do so in the future. It is not I who will execute the enemies of Western civilization, but our people will.

Perhaps I have been ranting too much on this subject, but I hope that you remember what I stated concerning the warfare which now exists in our Nation. By placing men such as myself in prison, you are only intensifying the struggle. I would suggest you place [redacted] in the city jail as the [redacted] in Minneapolis as being extremely dangerous to our cultural, racial and National existence.

b6
b7C

Well, so much for that. However, if at any time you want me, come right up to this place I am at now and ring the bell. Ask for me, and I will gladly go with you to any jail in the United States of America. You know, I thought I had a rather good education in the universities, but I did not realize what the score was until I was thrown into the city jail. Thanks a million! I now have a diploma from the school of life, and I graduated magna cum laude.

Dear Sir:

Berkeley, Calif.

60290/AUC/BCE/MLT/EHL

Since the date of the termination of my peace bond is Oct. 24, 1947, I should like to know my position with respect to my personal property which I believe you have. I believe that you have my 9mm. Luger automatic and my 6.35mm. automatic with holsters. I believe that you also have some pamphlets and other written material. Also, I should like to know if you have the two framed slogans that looked so well in that picture on the front pages of the newspapers.

Since I have just been officially admitted to the University of California here in Berkeley, Calif, I will be unable to be in Minneapolis on Oct. 24. Therefore, I will be unable to claim my property personally, and I give full authority to my Father and Mother to accept this in my behalf.

Believe me when I say that I in no way intended bodily harm to [redacted] or any other person for that matter. I fully understand the charge placed against me because I had to be arrested and that was as good a charge to "get" me on as any. I also understand your position. I don't believe that you are a Communist. At least, I hope you are not.

I shall be in the Twin Cities next Summer or sooner. At this time I should like to know if there is any further charge that can be placed against me when I set foot in the Twin Cities. I would like nothing better than to appear on the front page of the Minneapolis Star again, and I am sure my "good friend"

billing. Because, you see, I am not finished with the Jewish Communists in Minneapolis and St. Paul. In fact, my arrest was only the beginning of the end for Communism in the State of Minn.

I hope that you are noticing the storm clouds that are gathering over the Middle West. It is a storm that will someday sweep the foul air of Jewish Communism from North America, and later from the Eurasian continent as well. My associates and I are looking forward to our World War III with great enthusiasm, because we shall destroy Jew-dominated, Communist Russia once and for all time to come. We are planning for the day when there will not be a single Jewish Communist left alive on this planet, and in all sincerity I say that I know I shall play a part in their annihilation.

Well, perhaps I have been boring you. However, if you ever have an opportunity to hear me speak in the Twin Cities I shall elaborate on the above points. And I shall speak in the Twin Cities even if the mayor is a Jewish Communist, and the city hall is in the synagogues.

Hoping to hear from you soon.

Respectfully yours,

'NATIONALIST'S' RETURN—Claiming he had violated a peace bond barring him from continuing a terroristic letter-writing campaign which got him into trouble last spring, police arrested Maynard O. Nelsen, self-styled Democratic Nationalist party section leader, on his return to Minneapolis from Los Angeles Saturday night. Decked out in a uniform of a cut favored by German Nazis, Nelsen is shown above, flanked by Detectives Harold Brademan, left, and Robert Ball.

HATE LEADER JAILED AGAIN

Maynard Nelsen Seized in Nazi-Like Uniform

By JEAN JAMES

Minneapolis Tribune Staff Writer

Maynard Orlando Nelsen, 24, confessed "section leader" of the hate-spreading Democratic Nationalist party, came back to Minneapolis from California Saturday night wearing a Nazi-style uniform, complete with saber.

Nelsen, under a \$1,000 peace bond which expires next Friday, was picked up at Great Northern station by detectives because, police said, he had written letters threatening Detective Inspector Eugene Bernath, Samuel L. Scheiner, executive secretary of the Minnesota Jewish council, and others.

The bond enjoined Nelsen from continuing threats of bodily harm which he was charged with making against Mayor Hubert H. Humphrey and other civic leaders in letters disclosed last spring.

In view of Nelsen's new outburst of threat-making, Bernath said he will recommend to the city attorney's office, at a conference today, that Nelsen be charged with violation of the bond.

'HE HASN'T CHANGED'

After more than an hour of questioning in Bernath's office last night, Nelsen, still wearing his uniform, but minus the saber, was held in city jail for investigation.

Nelsen, former University of Minnesota student who plastered the campus with signs reading "Kill Jews" and "DNP," was released under the bond last April after Bernath became convinced that Nelsen had repented of his Nazi-like philosophy.

Last night Bernath said, "He hasn't changed a bit."

"Sure, my people are fanatics," Nelsen said last night. "And we're proud of it."

Accusing Bernath of denying him his rights as a citizen, Nelsen declared "I'm a Nationalist. I believe in protecting people—the white race, of course—against anyone else and our nation against anyone else."

Later Nelsen stated, "I believe in a strong nation. I believe in a strong nation."

and then war. Look at nature. The strong survive."

Nelsen's uniform consisted of green gabardine slacks and a gray shirt covered with insignia described as official DNP insignia in papers carried in his brief case.

On his pocket was the lightning emblem associated with the Hitler youth organization and the Columbians, Georgia anti-Negro, anti-Jewish organization. In his pocket was a letter from Emory Burke, Columbian leader, dated Oct. 13 and airmailed to Nelsen's California address.

SPORTS EPAULETS

On his collar Nelsen wore the insignia designating him as a "section leader" in the party. His gray twill cap was styled like those worn by Nazi air corps men.

An outline of party structure carried in his brief case was entitled "suggested revision" by Maynard Orlando Nelsen.

Besides drawings of insignia and the party flag and a map showing Chicago as the headquarters of the organization, the outline contained party principles and plans for action.

Party objectives include citizenship for only descendants of European Caucasians, union with Canada, absorption of Greenland, Iceland and the north polar regions, complete financial, economic and political control of Mexico, Central and South America, and the "total political and military annihilation of the USSR."

'WAR IS LIFE'

The organization's motto, according to Nelsen's outline, is: "Life is Struggle, Struggle is War, War is Life."

Other party statements include:

- "The Jews will show their racial superiority by adding the growth of cabbages and enriching our soil with their ashes."
- "Jews are disloyal."
- "Jews are bastardizers."
- "Jews are pigs."
- "Anti-Semitism is health."
- "The word Jew makes us vomit."

HORST WESSEL ADAPTED

A DNP song included in Nelsen's papers is an adaptation of the Horst Wessel song, official Nazi party marching song. Nelsen's words read:

"Clear the streets for our gray formations, clear the streets for our marching men."

"When the day of judgment arrives, our day of victory, we will be ready for mass murder."

"Sharpen your knives and cock your pistols; the day of victory is near."

"O Holy Land, my Homeland, we shall conquer all."

"We fight to live and live to fight."

"When the gutters run red with Jewish blood, then will we be free."

"When the Star of David is no more, then shall we be free."

"Make way for our freedom, movement."

'CAN'T KEEP US IN JAIL'

Nelsen, whose parents, Mr. and Mrs. Nels Nelson, live at 4020 Forty-third avenue S., was belligerent throughout interrogation by Bernath and other detectives. He kept repeating that his rights as an American citizen were being denied him.

"You can't keep all of us in jail," he threatened Bernath. "And I refuse to believe in Jewish law."

Detectives Harold Brademan and Robert Ball reported Nelsen told them: "When we take over, things will be different." He referred to the detectives as "gestapo," they said.

Arrest of Nelsen last April 23 climaxed a seven-month investigation by University of Minnesota agents and city and county authorities. Weapons and prototalitarian literature were found in his room.

In letters to Bernath and others last month, Nelsen was said to have demanded the return of his weapons and said he intended to make Oct. 24, the day his peace bond expires, "a red letter day, a day the world will never forget."

Because Nelsen had threatened to commit suicide while in jail last spring, the saber and all other sharp instruments were removed from his person before he was taken to a jail cell last night.

Racial Agitator Jailed On Return

Maynard Orlando Nelson, 24-year-old Minneapolis man whose activities in an alleged Fascist party called DNP landed him in jail last April, was arrested again there Saturday night.

Detective Inspector Eugene Bernath said Nelson and an unidentified companion were picked up as they stepped off a train arriving from California.

Bernath said Nelson was wearing a Nazi-style uniform under a trench coat and carried a long saber, fastened to a black, Sam Brown belt. Bernath said the youth carried a suitcase full of literature, maps and emblems—the design of which were anti-Semitic and attacked certain other minorities.

Maps of the United States depicted Chicago as the DNP headquarters, Bernath added.

Last April Nelson was given a sanity hearing and later released on his promise that he had forgotten his "silly ideas." He was charged with a breach of peace, growing out of letters and posters he sent to University of Minnesota faculty members and posted on the campus. They advocated racial hatred and discrimination against minorities.

'Hate Leader's' Fate Depends On Letters

It became apparent today to baffled Minneapolis police that the fate of Maynard Orlando Nelsen, who fancies himself to be a "hate leader," depends on whether letters he wrote to city officials can be interpreted as threatening.

With this in mind, Detective Inspector Eugene Bernath was scheduled to confer with Joe Hadley, assistant city attorney.

A reliable spokesman at the police department said that while recipients might consider the letters definitely "threatening" the court might not consider them as such.

This puzzled Minneapolis police as they led the 24-year-old blond former University of Minnesota student to a lineup, because they knew of nothing else the youth did other than "parade around in a Nazi-like uniform and saber."

The arrogant young man in the grey uniform styled like those worn by Nazi Luftwaffe men was put under \$1,000 peace bond last April for his anti-Semitic campaign at the university. The bond expires Friday.

If the letters he sent to Bernath, Samuel Scheiner, executive secretary of the Minnesota Jewish council, and other citizens are considered "threatening," Nelsen may be charged with violating his peace bond.

At the police lineup Nelsen retained his constant pompous, insolent attitude. Officers asked him questions which the youth made them repeat several times.

He has been held by police since being picked up after arriving Saturday in Minneapolis from California. He had crossed the country in a train wearing the uniform of the Democratic National party. He carried the saber swinging at his side all the way.

In a brief case, police found the bold plans for a Fascistic organization in the United States.

Nelsen, whose parents live at 4020 Forty-third ave. S., said he came from California to make the day his bond expires a "red-letter day in the history of the world."

"We are Nationalists," he declared. "The nation and the white race must be protected against everything and everyone else."

"We are fanatics. We are proud of it."

"War, war, war, and more war," he said. "As in nature, only the strong survive."

Police said they found letters in his pocket signed by Emory Burke, one of the leaders of Columbians, recently exposed in Atlanta, Ga., as a Fascist group seeking a totalitarian regime in the United States.

Nelsen once stated his "organization" had 200 members in Minneapolis, its main stronghold. Bernath, after an hour of questioning Nelsen, said he is certain the young man has no organization there.

When he was arrested his saber was taken away to prevent suicide in his jail cell. He had tried it, officers said, when last arrested.

Sanity Test Sought For 'Hate Monger'

Joseph A. Hadley, assistant Minneapolis city attorney, said Monday night that he will confer today with the parents of Maynard Orlando Nelsen, self-styled Nazi and Jew hater, in an effort to obtain a second sanity hearing for the youth.

Meanwhile Nelsen was being held in the Minneapolis city jail for investigation of his campaign of anti-semitism. He was visited Monday by his parents, Mr. and Mrs. Nels Nelsen of 4020 Forty-third ave. S.

The youth returned from California Saturday wearing a Nazi style uniform and a saber. He was released last April on a peace bond after he had conducted a vilification campaign at the University of Minnesota.

Hadley said that he would not ask for the forfeiture of the \$1,000 bond because it covered only a University of Minnesota professor against whom Nelsen had brought threats.

Mental Hearing Set For Maynard Nelsen

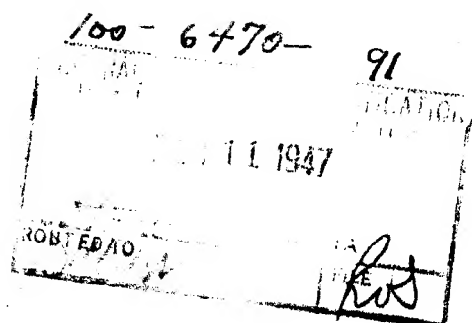

Mrs. Betty W. Washburn, Hennepin county court commissioner, Wednesday ordered a hearing Dec. 18 to determine whether Maynard O. Nelsen should be committed to an institution. First arrested nearly a year ago for posting inflammatory race posters about the campus, Nelsen was released on his promise to go to California.

The hearing was called after psychiatrists at Veterans hospital, where Nelsen has been under observation since October, found him to be "mentally ill" and in need of institutional treatment.

Mrs. Washburn said she had set the hearing tentatively for next Thursday in order to give Nelson's family time to retain an attorney to represent the 23-year-old former University of Minnesota student at the hearing.

'Hate' Leader Described as 'Dangerous'

Maynard O. Nelsen, Minneapolis "hate" leader, was described by a physician at a sanity hearing today as "potentially dangerous."

Making the statement was Dr. Andrew Leemhuis of Veterans hospital, one of 11 physicians, psychiatrists and psychologists testifying.

The hearing took place before Mrs. Betty W. Washburn, Hennepin county court commissioner.

Two Veterans hospital psychiatrists, Dr. R. W.

Nelson Howell, department chief, and Dr. C. O. Erickson, his assistant, said Nelsen is suffering from a paranoiac condition.

Dr. Howell said Nelsen is hostile, suspicious and has delusions of persecution by minority groups. Dr. Erickson described Nelson as having a somewhat superior, exalted attitude.

He has above average intelligence, however, the doctor testified.

Arthur Nelson, Minneapolis attorney representing Nelsen, in challenging the medical men's testimony, charged: "You fellows all seem to have gone into a huddle and agreed that you would agree."

Nelsen Threat, Doctors Testify

By Sewall Glinernick

Maynard O. Nelsen, ex-University student, was described as a "potentially dangerous" person by psychiatrists who testified yesterday at the opening session of his commitment hearing.

The self-styled leader in the Democratic Nationalist party sat moodily as 11 psychiatrists and psychologists told a three-man board consisting of Betty W. Washburn, county court commissioner, Dr. Julius Johnson and Dr. H. B. Hannah, psychiatrists, that he was suffering from a paranoid condition.

Dr. R. W. Howell, chief of the psychiatric department at the veterans hospital, testified that Nelsen is suffering from delusions of persecution by minority groups.

As an example of this, the doctor pointed out that Nelsen blames Jewish officers for his being refused admittance to officers can-

didate school four times when he was in the army.

"He is a self-satisfied and ex-haulted individual, and I believe he would use force to back up his views if he could," Dr. C. O. Erickson, veterans hospital psychiatrist, said.

as a "potentially dangerous" person by psychiatrists who testified yesterday at the opening session of his commitment hearing.

"He is a self-satisfied and ex-haulted individual, and I believe he would use force to back up his views if he could," Dr. C. O. Erickson, veterans hospital psychiatrist, said.

Dr. N. J. Berkwitz, the third veterans hospital psychiatrist to testify, said Nelsen had told him his mission in life was to see that white Protestant gentiles run the country. He said he realized this when he read some German literature at the age of 16.

"He went on to tell me that B'nai Brith, a Jewish organization, was having him shadowed and was trying to interfere with his plans," Berkwitz said. "Nelsen believes the University is run by Jews and that they were also responsible for the attack on Pearl Harbor."

The doctor said that when he asked Nelsen why he rode across the country dressed in a Nazi-style uniform, Nelsen told him he was trying to shove news of a Jewish war veterans convention in St. Paul off the front pages of the local papers.

During the cross examination, Arthur Nelson, attorney for the defense, asked the doctors if Nelsen ever told them he would use force.

Howell stated that when this question was asked Nelsen during the examination, the reply was that he himself might not exterminate the undesirables—but that he would give the orders for this move.

The doctors testified that they believe Nelsen has above average intelligence.

The hearing was adjourned by Mrs. Washburn so that the board would have time personally to examine the defendant. After this examination is completed a second hearing will be called to hear the rest of the testimony.

No definite time has been set for the examination or next hearing because of the heavy schedules of the two psychiatrists serving on the board.

by a member of the Party

Approximately one and one-half years ago, a small group of people met in a room of a roadhouse just outside the limits of a large city in the Middle West. The purpose of the meeting was to determine ways of combating and eventually destroying Jewish Communism in the vicinity, and the promotion of Nationalist ideals for the preservation and protection of our beloved Homeland, our United States of America.

After numerous such meetings, the Party came into existence with a clearly-stated Party program for positive action against Jewish Communism within and without our Homeland, and a definite plan for the securing of the continued supremacy of our United States of America on this planet. The attack and eventual destruction of the Jewish Communist enemy, hereafter known as 'the enemy', was the immediate tactical objective, and the promotion of the Nationalist phase of our culture was the long-range, strategical objective.

Today, the Party is a living and growing reality. Although the Party does not yet accept mass membership, the Party program is a crystallized desire of many of our people. The Party today is in the process of hammering a leadership nucleus into form, which in the future will be indestructible by any force. The Party was organized for battle, and so the Party organization is of necessity military in every aspect of operation and control. Each and every member of the Party is a soldier in the Army of National Liberation, and

strives to conduct himself in true, military form. The Party seeks out the enemy with the primary mission of total annihilation, and nothing short of this goal will satisfy it.

Soon after the formal organization of the Party had been completed, the local Group of the Party decided to begin a series of probing operations into the deep, foul recesses of the enemy's strongholds. A specific number of men were chosen for ~~an~~ planned operation, and this writer was among them. The true account which follows of this task is no Wordsworthian 'emotion recollected in tranquillity'.

This operation was designed scientifically for the gathering of information or intelligence on the enemy's forces, and emotional hatred played absolutely no part in the general scheme.

We were to test the strength of the enemy's influence and control in the local newspapers, and we also wanted to know what effect this experiment would have upon the people about us and the correlation, if any, between the attitudes of the newspapers and the public concerning our projected activities. These were our primary objectives, although we deviated from the main course when the situation demanded it. However, we held fast to our original plan, and succeeded beyond all imagination.

The experiment, or task, began with the placing of crudely scrawled (black crayon on plain white paper and cards) anti-Jewish, anti-Oriental, anti-Negro, and anti-Communist slogans about the city, and particularly on an enemy infested campus of a local university. The entire city and campus was properly sectioned off and studied, so that we would gain the maximum effectiveness with the least effort.

We applied ourselves diligently, and our subsequent successes defied even the most wild speculations of any of us. Combined with this attack, we sent many letters to government and university officials and newspapers warning them against the evils of the enemy. We created the impression that we were a mighty host, and that we were arising against the enemy in every sphere of activity.

Now, the experiment would never be completely successful unless one of us were caught and so subjected to treatment by the newspapers, the police, and the court. Therefore, a man among us was chosen to be the 'fall guy'. He was picked for this task because he had an excellent personal reputation and character by all who knew him. This was done so that in event he was treated indecently, his record would refute any heinous accusations against his moral or intellectual behavior brought against him by the enemy. His fingerprints were left on every placard that was placed around the city and campus. By doing this, it was estimated that a period of three months would elapse before apprehension by the police. The chosen man was an ex-serviceman whose fingerprints were, of course,

registered in the FBI files in Washington, D.C.

We distributed these placards about the city and campus with great rapidity and secretiveness. We struck the campus very hard, because it was and still is rotten to the core, from the faculty on down to the lowliest enemy student, with an alien, international ideology.

Our attack on the campus was of a two-fold nature.

We not only wanted to bait the campus newspaper, but we also wanted to destroy the enemy's front organizations, particularly the AYD and the AVC. These two organizations were dominating campus activities during this period, and unfortunately had the blessings of the enemy faculty and those traitors who have betrayed their own people and Homeland. We also knew that by calling attention of the public to this situation at the university, a favorable reaction for us would result, because this school had a bad reputation not only throughout the State but the Nation as well, as a hotbed of enemy activity. We were positive that our task and plans on the campus would succeed, but we did not know the general public reaction to this type of activity. We thought of ourselves as pioneers, or the new political engineers of real-politics, and that spirit drove us on to eventual, magnificent victory over the enemy forces. We were soldiers using not guns, bullets, and bombs, but printed matter; letters, articles, and slogans. We were exploring hitherto unknown ground, but we knew that we were justified before our people and our Nation, and that was all that really mattered. We entered upon this endeavor

with the knowledge that even if our own people would forsake us, we would always be faithful to them.

So, we embarked upon unknown seas. The first placarding of the campus and the city raised a storm in the campus newspaper, and received a small notice in the local, city newspapers. Of course, these initial efforts were not expected to produce very much reaction, because the general meaning and intent of the slogans would not be intelligible until a certain time limit had been passed. With persistent placarding, this 'sink in' time took about two months. Then literally speaking, all hell broke loose. We found that by making the slogans as brutal, as crude, and as simple as possible, we gained that much more effectiveness. Every publication which concerned us was carefully studied, and we so found what slogans were hitting the target, and to what degree each publication was influenced by the enemy.

Needless to say, the campus paper became a sounding-board for all our slogans, and every effort was made by the city and university officials to discover our identity. A great deal of natural curiosity was aroused in the student body and faculty as to just who and what our Party was. We received reports from many people who had no idea that they were talking to, and giving important information to, the various members of the Party. The general public opinion was that we were supported by many socially prominent and respectable leaders of the community, and this is still a matter of conjecture as far as the enemy is concerned today.

We had no original intention of spreading terror among the enemy ranks, because we had the prime purpose of our plan always before us, and we would not intentionally deviate from it. We only wanted information, and the resultant terror which gripped the enemy and our traitors actually amazed us. However, one of our more zealous men deviated slightly from the plan, because he sensed the importance of terror. He recruited several unsuspecting people to spread the news, via the campus grapevine, that a certain prominent member of an enemy organization would be 'bumped off' by the Party in typical, gangland fashion. We later found out that this enemy student became terror-stricken, and later dropped completely out of all political activity. He even lived like a hunted animal, darting furtively from one hotel to another with his conscience to destroy him.

In order to focus the attention of the public upon an enemy personality, we chose a member of the faculty who was an enemy refugee from Europe, and who was the leading poisoner of our people's minds on the campus. He was given a Party educational pamphlet with the warning that he, his philosophy, and his entire race would eventually be destroyed by us. We made it very clear that we were not philosophers, but executioners. We in no way intended bodily harm to this man, but we wanted him to realize that we were very real and very strong, and would never tolerate the destruction of our culture and people by he and his kind. We subsequently learned that he lost seven pounds of weight and wanted to resign from his position at the university, but the officials would

not permit him to do this because that would have given us an indication of our effectiveness.

The campus paper, after all this work, became our paper. It printed our slogans, and even had pictures of our placards on the front page. It devoted lengthy articles on our possible source, strength, and organization, which only caused greater tension and interest throughout the entire State. Our percentage of success of our plan soared to unbelievable heights, and we were often giddy at seeing how stupidly this entire situation was handled by the enemy forces. We were faced with the startling fact that our original plan had branched out so that it was often hard to stay on the main track.

The city newspapers followed the general pattern of reaction of the campus newspaper. On several occasions we made page number two, and often the inside front page was devoted to us. We were frankly amazed at the behavior of the city newspapers. We could understand the inexperience on the part of the members of the campus paper, but we can never to this day completely comprehend the stupid, hysterical outcry by the large, professional, city newspapers. Certain conjectures are in order, of course, and the most plausible one is that we were operating during a particular period of nationwide hysteria on these subjects. We now knew that the city papers were very greatly influenced and controlled by the enemy, but that explanation did not account fully for their strange, excessive behavior.

The Party member who was to be held solely responsible for all this work by the Party, was waiting expectantly for arrest on a charge of disturbing the peace, or inciting to riot, two very convenient charges used by the police on which to arrest a person at will.

The three month period ended. The tension was at, what we then thought, a peak, and now was the political-psychological time for the arrest of our man. Nothing happened. We had reports that he was under close surveillance, but no arrest occurred. We broke off all contact with him, because we then suspected that the police were not satisfied with just a mere, one man. However, several months later he contacted us and stated that he desired to write a letter to one of our allied newspapers. He did this, and stated that he was a member of a secret, local, nationalist organization, which was taking a very positive stand against the enemy in this vicinity. This letter was printed in this paper, with a favorable comment by the editor, and then we and he expected immediate apprehension. Still nothing happened, except that even closer tab was kept on his personal, social life.

We then ceased all activity, and our man was instructed to desist from all efforts to give himself up to the police authorities. This was done, and we now knew that soon the police would have to act out of sheer necessity, because they had nothing more to work on. Our work had been completed, and everything had gone according to plan. We had the information we sought, and we now knew the enemy well and how he worked.

Our man was preparing to leave his home for greater, personal opportunity elsewhere, when he was seized by the combined operations of the university police, the city police, and even the much-vaunted FBI, in a raid that came right out of a grade B, Hollywood, gangster melodrama. This man lived in a quiet, respected, residential district of the city. One day, early in the evening, his home was surrounded by two squad cars of detectives in the front of his house, and two autos full in the alley. While he was reading the warrant for his arrest for, of all things, threatening to do bodily harm to the aforementioned faculty member of the university, the detective army was swarming over his parent's house like locusts. His parents were totally bewildered by all this activity, because he had carefully concealed his Party activities from them.

Our man was taken to the university where he was interrogated all night long until early the next morning. They found out exactly nothing. They only knew what they were told, and they knew nothing more. While the police were messing up the investigation, their cohorts, the jackals and hyenas of the enemy press, appeared on the scene. They were undoubtedly hoping for another Purim period in history. To their stupid questions, our man did as he was instructed to do. He repeated monotonously,) "No Statement". This, of course, infuriated these gentlemen (we use that word loosely) of the press. At the first attempts to snap his picture, our man covered his face in typical, important-prisoner fashion to carry this farce still further.

The aroused interest of the enemy press could only mean one thing, and that was a big, front page story. The police, working as the lackeys of the press, gave out the statements made by our man to them. We knew that he would never talk to the press, so we found out that the police were also involved with the enemy press, who consistently dictate to them in this city. We now know that we not only have an enemy press to deal with, but an enemy police force as well.

After the useless interrogation was finished, our man was thrown into a cell block in the city jail with two murder suspects, a forger imprisoned on a morals charge, an embezzler, and a thug. He was placed on the ridiculously high peace bond of \$10,000.00 . This is a clear example of the treatment accorded those of us who fight to liberate our people and Homeland from enemy oppression. Treatment such as this only hardens us in our determination to utterly destroy our enemy. In the face of all treatment such as this, we will always move inexorably towards our goal.

Our man was now attacked in another manner. During the interrogation all sorts and forms of threats were used by the police with no results. Now, languishing in the foul, city jail with criminals, he was subjected to a parade of softening factors designed to arouse remorse and conscience for his 'terrible deeds'. Our man stood firm.

Rather than involve the Party in this affair, our man pleaded guilty to the charge of disturbance of the peace by threat to do bodily harm to the enemy faculty member of the university,

and so was released from custody on the peace bond of \$1,000.00 raised by himself. This bond was reduced from \$10,000.00 to \$1,000.00 after a fruitless, and wholly characteristic attempt, by the corrupt authorities, to place the charge of mental maladjustment against him, and to offer a period of care in some mental hospital. Now, the enemy had tried everything in their power to reduce our man, as a symbol of our people's movement, or otherwise corrupt him. They even, in a fit of final desperation, offered to make a deal with him. If he would give them the information on the Party, they would see to it that he could enter any other university in our United States of America with ease and safety. He, of course, merely laughed at them, because now he realized the stunning blow that had been delivered to the enemy and our traitors.

Since the newspapers and the police had worked together as one, it was expected that the court too would act accordingly and true to form. Our expectation became a reality when our man was brought before the court for the first time. The charge was read off to him, and the judge asked him how he pleaded. Our man stated that he wanted aid of counsel before his plea was entered in the court record. The judge then again asked him how he pleaded, and our man again asked for aid of counsel. The judge then again, for the third time, asked how our man pleaded, so he knew then that his position was hopeless before such arbitrary procedure. There was nothing left to say, but not guilty. Our man later changed his plea to guilty, and stated that he was completely confused over his treatment by this kangaroo court. All this is

a matter of official court and public record, and is damning evidence of the arbitrary judgment of this traitorous, enemy-corrupted court.

These facts have proved conclusively to us that when we are apprehended by the so-called authorities in this city, it is not our people's law and justice which will treat us, but enemy law and enemy justice. These facts must be constantly borne in mind every waking moment by each and every one of us. We of the Party shall never expect any quarter, and we shall never give any. Because of the criminal, sub-human nature of the enemy, we have been reduced, by necessity, to a level of barbaric concepts and actions. If the enemy call us barbarians, we shall answer yes, because we have been forced to think and act as such by them, and not of our own free will.

A final commentary must be made upon the attitude and behavior of the city mayor and administration. Shortly before our activity, a man whom we all greatly admire, not one of the Party, was denied the freedom of speech and freedom of assembly in this city. This was done directly by the mayor, as head of the cowardly, city police force. The mayor was approached by one of our men and asked point-blank why he had abrogated the freedom of speech and freedom of assembly in this particular case, when the enemy was free to contaminate our people at will. Not only had the mayor revoked these two fundamentals of our Constitution, but we were even denied the right to self-defense. This so-called mayor, who must deny his right to call himself a man, offered the very lame excuse that he was uninformed of the developments of this affair. His informers were the enemy,

and so naturally our ally could not surmount this opposition. This unfortunate situation is being remedied by our Party today. We of the Party are planning for the day when no enemy police, no enemy law, and no enemy justice will prevent us from exercising our inalienable rights to freedom of expression, and the right to self-defense. Whether the money of the enemy influenced the mayor, or whether he was just plain negligent is not yet fully known, but whatever the reason for his conduct, he will be held responsible for his crimes not only against us, but our people as well. If he is guilty of treason or neglect, he will meet his just retribution. We of the Party promise him that, most faithfully.

In conclusion, we of the Party have enriched our knowledge of the enemy and his evil influences, and the enemy's hold upon many people and situations about us. To know the enemy is half the battle. We shall continue to probe into the dark recesses where the enemy maggots dwell, with the final intention of removing all sources of inflammation in the bodies of our people and state, and so purify our entire Nation. It must be emphasized and reiterated that the danger of the enemy is very real and very apparent; we have proved that. Therefore, with the knowledge of the enemy, and the realization of the danger to our people, we of the Party are committed to the offensive. There can be no compromise. The lines of battle are clear and distinct. There can be no mercy or compassion. We are psychologically preparing ourselves to withstand the shock of our own frightfulness when victory day comes. The enemy will become extinct; that is our solemn promise to our people, and to those generations yet unborn.

Maynard Orlando Nelsen, 24 who once claimed to be the leader of a national anti-Semitic organization, has been released to the custody of his attorney.

Petitioners who had demanded that the youth be committed to an institution agreed Tuesday to give

him a year to prove psychiatrist's contentions that his "egocentric and inappropriate" thinking has disappeared.

The former University of Minnesota student came here from California

last October wearing a Nazi-type uniform and saber. He carried a briefcase containing fantastic plans for overthrow of the government by a totalitarian clique.

He was arrested, but persistent questioning brought nothing but boasting of his "Democratic National party."

Nelsen submitted to repeated examinations by psychiatrists at veterans' hospitals here.

Today, Probate Judge James Kehoe revealed contents of a letter sent him by Dr. Roger Howell, chief of psychiatry at the hospital, and H. B. Lindholm, regional chief VA attorney.

"Nelsen has changed," the letter said. "As long as this change remains it does not seem probable that he would be a source of trouble to himself or to other people."

After a conference with the petitioners, Samuel L. Schenker and Hubert A. Schon, and with Assistant County Attorney Otto Morck, Judge Kehoe continued the case for a year Tuesday and paroled Nelsen to custody of Attorney Arthur T. Nelson.

Gentlemen:

On October 25, 1948, the captioned person appeared at the St. Paul Office of the Federal Bureau of Investigation. He related that because of his previous experience in the Armed Forces, he would like to make application for a reserve commission in the U. S. Army and he intends to make a formal application of the U. S. Army in the near future for such a commission.

As of possible interest to your office, the FBI has conducted an extensive investigation of Nelson. He was arrested on April 23, 1947, on a Minnesota State warrant for disturbing the peace. It is believed he is the head of the Democratic Nationalist Party--at least he admitted sending letters to important people in the United States on DNP letterhead stationery. He also admitted placing posters of an anti-Jewish and anti-Negro nature around the University of Minnesota and Minneapolis. He was sentenced to serve six months by Judge Rolf Fosseen on April 24, 1948 at Minneapolis when he could not make a \$1,000 peace bond.

In the event you desire additional information concerning the subject, please advise this office.

Very truly yours,

Hate Chief to Get Army Reply Soon

Maynard Orlando Nelsen, 25, confessed leader of a Minneapolis hate group in 1947, probably will learn Tuesday whether he will be accepted into the army as a commissioned officer.

His application for a commission has been forwarded by the Minneapolis recruiting office, in routine fashion, to army district headquarters in the federal courts building here.

Maj. W. P. Fuller, president of the army board that will decide the question, said the next hearing is Tuesday. Necessary papers from law authorities regarding Nelsen will be in the office by that time. Nelsen was arrested April 23, 1947, as head of the Democratic Nationalist party. He lives at 4020 Forty-third avenue S.

Army district headquarters in Minneapolis today disclosed that Maynard Orlando Nelsen, 25, admitted former leader of a hate movement, has failed to pass the physical requirements for an army reserve commission.

Maj. W. P. Fuller, army board president, said Nelsen has faulty hearing and that a report on his physical condition has been forwarded to regional headquarters

in Chicago with a request for a waiver.

After this is acted upon, possibly within a week, Nelson's application will formally come before the board here, Fuller said.

Nelsen lives at 4020 Forty-third avenue S. He was arrested in April, 1947, as head of the Democratic-Nationalist party.

HATE LEADER FAILS ARMY PHYSICAL TEST

Maynard Orlando Nelsen, 25, admitted former leader of a hate movement, will not be commissioned a second lieutenant in the officers reserve corps, the army announced Thursday in Minneapolis.

Results of Nelsen's physical examination, required of all candidates for commission, "indicate that he does not meet minimum physical requirements as prescribed by army regulation," the army district headquarters here reported.

"Therefore," the army statement continued, "it is impossible to further process Nelsen's application for commission."

The army previously announced Nelsen's hearing was faulty. It would not say yesterday whether this was the reason for his disqualification as a reserve officer.

Nelsen, who lives at 4020 Forty-third avenue S., admitted to police in April, 1947, that he was the leader of the anonymous Democratic-Nationalist party in Minneapolis.

The group was accused of posting hundreds of "fascistic" placards on the University of Minnesota campus and of threatening the lives of Senator-elect Huber H. Humphrey and others.

Army Rejects 'Hate Leader'

Maynard Orlando Nelsen, 25, onetime confessed "hate leader", was turned down Thursday on his application for a commission in the U. S. Army reserve.

Nelsen, who was arrested in April, 1947, as leader of the ~~Democratic Nationalist party~~ in Minneapolis after the appearance of threatening placards about the University of Minnesota campus, was refused a commission because of failure to pass the Army physical examination.

Major James Bullion, plans and policy officer of the Minnesota-Dakotas recruiting district, said Nelsen, who had applied for a reserve commission as a second lieutenant, "does not meet the physical requirements as prescribed." All applicants must pass this test, Major Bullion explained.

Nelsen lives at 4020 Forty-third ave. S., Minneapolis.

Former 'Hater' Thinking Right Now, Court Finds

Maynard Orlando Nelsen, who once claimed to be the leader of a national anti-Semitic organization,

today had convinced Probate Judge James G. Kehoe and other officials that his "egocentric and inappropriate thinking had disappeared" and now has been discharged from a year's parole.

The 24-year-

Nelsen, old former University of Minnesota student was the center of controversy and investigation in October 1947 when he arrived in Minneapolis from California wearing a Nazi-type uniform and saber, carrying a brief case full of fantastic plans for overthrow of the government by a totalitarian clique.

At that time a petition signed by Samuel L. Scheiner and Hubert A. Schon asked that the youth be committed to an institution.

They agreed, however, after a psychiatrist's report on his improved condition, that he should be given a year's time to prove that his ideas had disappeared. He was paroled to his attorney.

Judge Kehoe said today that both Schon and Scheiner had agreed that Nelsen had proved himself in the year's time and their petition was dismissed. At the present time, Judge Kehoe said, Nelsen is contemplating study of law.

1. My 'case' has clearly demonstrated the evil, abnormal, criminal power of the Jewish Communist aliens.

2. I do not accept the validity of arbitrary search, arrest, and imprisonment, and character defamation through the accusation of mental illness, and consequently I refuse to recognize the 'legality' of this entire, Jew-instigated and largely Jew-coached proceeding.

3. I protest against the perverted behavior, the 'Nuremberg mentality', of certain police, law, and court officials of the city of Minneapolis, and certain University of Minnesota and Fort Snelling Veterans Administration medical officers, who seek and accept 'information' from hysterical Jewish Communist pressure groups, and use this same 'information' as basis for their official actions.

II. Statement: General

1. I again state that the danger from Jewish Communism is very great, and that danger is in our own backyard.

2. World War III will be won by us only when the Jewish Communist aliens in our midst are disposed of once and for all.

3. Our Nation, the United States of America, will be free only when the Jewish Communist supported traitors are brought to justice.

During the winter of 1948-49, the informant met [redacted] in the company of [redacted] best known to the informant as [redacted] Informant could not recall the exact date of the meeting other than that [redacted] wife had a child about that time. Informant stated that this was the first time he knew there was any connection between [redacted] and [redacted]. [redacted] subsequently contacted the informant on numerous occasions telephonically but has not corresponded with him.

The informant made available a letter dated February 11, 1949, signed [redacted] advising that a big meeting of all prominent Nationalists in the United States would take place up north in the not too distant future. Informant understood "up north" to mean [redacted] farm near [redacted]. The letter invited the informant to "meet me and some of my friends" in the [redacted] a St. Paul tavern, on February 15, 1949. The letter further advised that dress daggers would be available. The informant was unable to attend the meeting and was telephonically contacted by [redacted] on another date, which he believed to be February 16, 1949. As a result of this conversation, [redacted] met the informant at the [redacted] in Minneapolis and presented him with a dress dagger bearing the Nazi swastika and scabbard. The informant understood that the dagger was given to him, but subsequently he was contacted by [redacted]

[redacted] who requested the \$10 which he stated the informant had agreed to pay him for the dagger.

b6
b7C

Among the literature given to the informant by [redacted] are numerous anti-semitic slogans, memos setting forth the proposed organization and objectives of the DNP, and a DNP membership card bearing file number 018. The informant advised he has informed [redacted] that he does not wish to be contacted by him and that he will have nothing more to do with him. He has further written to [redacted] stating that he does not want the dress dagger and does not intend to pay the \$10 demanded for the dagger. The informant stated he advised [redacted] that he should call at the informant's home for the dagger if he wants it. He noted that [redacted] appears to be practically penniless as [redacted] on several occasions has asked him for money to purchase gasoline to return to his farm at [redacted]

b6
b7C

On one occasion [redacted] furnished the informant with the names of three individuals who he stated should be contacted by the informant if he desired more information concerning the DNP. These individuals were ERORY BURKE, 1486 Marbut Avenue Southeast, Atlanta, Georgia; [redacted]

b7D

[redacted] No investigation concerning the DNP, [redacted] or [redacted] is contemplated by the St. Paul Office.

It is to be noted that the report of Special Agent ROY T. NOONAN entitled [redacted] was., MISCELLANEOUS, INFORMATION CONCERNING, was submitted to the Bureau on April 27, 1949 (Bureau File 100-5116). [redacted] recently received publicity in the column of DREW PEARSON as reflected in Agent NOONAN's report.

b6
b7C

The informant is unwilling to make available the dagger given him by [redacted] inasmuch as he feels that [redacted] may soon call for it. It is requested that the Bureau consider the advisability of obtaining this dagger for evidence, and it is suggested that authority be granted to compensate the informant \$10 to purchase the dagger from [redacted] inasmuch as this dagger is evidence should the DNP become a dangerous organization. It is to be noted that the informant is greatly in fear of [redacted] and [redacted] and was extremely unwilling to give the above information and material concerning the DNP, [redacted] and [redacted]. The informant feels that these men are much more dangerous than the members of the Socialist Workers Party, against whom he is willing to testify, if necessary. The informant's identity should therefore be kept confidential.

Reurlet May 26, 1949, and Bulet July 27, 1949.

60290/AUC/BCE/MLT/EHL

As you were advised in referenced Bulet, this matter was referred to the Department requesting an opinion as to whether any further action is desired.

A reply has now been received from the Criminal Division of the Department, the pertinent portions of which are as follows:

"A review of the material which you have furnished reveals that [redacted] appears to be [redacted] instigator of the subject organization. Subject organization operated in Minneapolis, Minnesota, and distributed anti-Semitic and anti-Negro material. It had connections with other organizations of the same type but these connections appear to be mainly through correspondence. In February, 1949, [redacted] advised a confidential informant of the Bureau that a big meeting of all prominent Nationalists in the United States would take place up north in the not too distant future.

b6
b7C

[redacted] was arrested on April 23, 1947 for disturbing the peace in that he threatened a professor of the University of Minnesota by placing a threatening poster on the door of the University building. He was sentenced to serve six months for this offense.

b6
b7C

"Inasmuch as [redacted] appears to be [redacted] moving party of the subject organization, further investigation is not requested at this time."

b6
b7C

In view of the Department's opinion, no further investigation of this matter is desired at this time and the informant should not be instructed to purchase the dagger furnished to him by [redacted]

b6
b7C

For your further information, the Bureau's representative in Canada has furnished information concerning [redacted] and the National Unity Party which were mentioned in your referenced letter. A summary of the information so furnished is as follows:

[redacted] is a rather eccentric and extremely nationalistic French-Canadian journalist born in the Province of Quebec. During the 1930's he

organized a Fascist Party in the Province of Quebec under the name of National Unity Party, the aims and objectives of which completely paralleled those of Hitler's NSDAP. This Party was extremely nationalistic and anti-Semitic and enjoyed considerable popularity prior to the outbreak of war. Until that time, the Party had presented no practical security menace but with the outbreak of war, the Party's Fascist tendencies caused it to be outlawed by the Canadian Government and resulted in the arrest and internment of the leaders of the Party, including [redacted] Following this internment, the membership of the Party dissolved. b6 b7C

The leaders of the Party were kept in internment until the latter stages of World War II when they ceased to constitute a menace to the State and were released one by one at intervals. Following the end of the war, the Party was inactive with spasmodic attempts on the part of [redacted] and some of his followers to revive it. During this time, [redacted] and some of his former associates alleged wrongful internment and entered claims against the Government for financial losses suffered during internment. b6 b7C

During the recent Federal elections in Canada, [redacted] was a candidate in a Quebec constituency representing the National Unity Party but due to the fact that the Party has shrunk to negligible proportions, he was defeated and received only a very small vote. However, the fact that he ran as a candidate shows that he is continuing to revive the Party although Canadian authorities are of the opinion that the Party will not reach anything like its early proportions. Before the war, [redacted] was known to have been in contact with numerous Fascist groups throughout the world. b6 b7C

Although no further investigation of this matter is desired, you should continue to furnish to the Bureau any information of interest which comes to your attention concerning this matter.

AT 105-79

Informant advised that [] stated that on the night of January 22, 1950, about 10 P. M., when he arrived home, an individual by the name of [] reportedly a student from International Falls at the Minneapolis Institute of Art, was waiting for him and had with him a full suitcase of Nazi leaflets, such as some copies of "Common Sense" and notations of BEN HECHT. [] stated, according to informant, that [] stated he wished to join with [] but that [] had rejected him because he believed he came from the American Federation of Labor and ordered him out of the house.

b6
b7C

According to informant, [] planned to make a trip to Chicago about April 1, 1950, to visit with [] and also to meet Mrs. ELIZABETH DILLING and her son.

He also pointed out that he received a great personal thrill in beating the Jewish Communists to the punch.
